Axle Spacings	' "	' "	' "	' "	' "	' "	' "	' "	' "	' "
Weight (x1000)										
Number of tires										
Tire Tread Width										
Gauge	' "	' "	' "	' "	' "	' "	' "	' "	' "	' "

Axle spacings and gauge per axle are expressed in feet and inches and measured to the nearest inch. Axle spacings are measured from center of axle to center of axle. The gauge per axle is the distance from the center of the dual wheels on one side of the unit measured across to the center of the dual wheels on the opposite side of the unit. On a unit with only two tires per axle, the gauge per axle is the distance from the center of a tire on one side of the unit measured across to the center of the tire on the other side of the unit.
