2. A license will not be issued until an applicant has met all the requirements.
3. Make sure that each document you submit shows your business name and DBA.

Licensing Notes:

- **Manufacturer:** a person who manufactures or assembles new motor vehicles.
- **Distributor:** a person, other than a manufacturer, who distributes or sells new motor vehicles to a franchised dealer.
- A **representative license** allows a person or business entity to act as an agent for a manufacturer, distributor, or converter. A representative is not allowed to sell new or used motor vehicles to Texas consumers, including municipalities. The definition of representative does not include office or clerical personnel, production personnel, etc., whose duties do not include contacting franchised dealers or dealership employees. See TEXAS OCCUPATIONS CODE §2301.002(29) and TEXAS ADMINISTRATIVE CODE §215.102 for details.
- Manufacturers and distributors of new vehicles sold in Texas must be licensed by TxDMV, regardless of where the manufacturer or distributor is located.
- Neither manufacturers nor distributors are allowed to sell new motor vehicles directly to Texas consumers, including municipalities. Only franchised dealers that are licensed for the line-make and type code of the vehicle are allowed to sell new motor vehicles to Texas consumers. If a new motor vehicle is sold through a bid process, the franchised dealer for the specific line-make and type code must be listed on the bid as the seller.
- All manufacturer and distributor licenses are issued for a term of two years.
- Prohibitions:
 - Manufacturers cannot: operate, control, or own an interest in a dealer or dealership; or act in the capacity of a dealer, directly or indirectly.
 - Distributors cannot: operate or control a dealer or dealership; or act in the capacity of a dealer, directly or indirectly.
 - See TEXAS OCCUPATIONS CODE §2301.476 for details and exceptions.
- Ambulances, Fire-Fighting Vehicles, or Motorhomes:
 - The terms: ambulance, fire-fighting vehicle, and motorhome are defined in the TEXAS OCCUPATIONS CODE Chapter 2301.002.
 - To be a *manufacturer* of these products, the finished product must meet the entire definition of an ambulance, fire-fighting vehicle, or motorhome.

- If the finished product does not meet the definition, then the person must obtain a converter license for those products.
- Manufacturers and distributors can find more about the license application process online at: <http://www.TxDmv.gov/dealers>

12. – 16. YES/NO QUESTIONS: All questions must be answered. **Attach detailed explanations**, as necessary for questions 12-14.

- A. The TEXAS OCCUPATIONS CODE Chapter 2301 restricts manufacturer or distributor ownership or control of a dealer or dealership. Manufacturer/distributor ownership or control of a dealership is generally prohibited, with two exceptions:
 - (1) Dealerships that were purchased by the manufacturer/distributor from a franchised dealer and that are for sale at a reasonable price and on reasonable terms and conditions.
 - (2) Dealer development dealerships operated under a plan for the dealer to acquire full ownership within a reasonable time and under reasonable terms and conditions. In order to qualify for this exemption:
 - (a) The dealer must be a member of a group that has been historically underrepresented in the manufacturer's or distributor's dealer body, OR
 - (b) The dealer must be a qualified person who lacks the resources to purchase a dealership outright.
- B. The franchise agreement must include the Texas franchised dealer's legal name, authorized sales and/or service location (including street address, city, state, and zip code), approved line-makes and type codes, and signatures of both the franchised dealer and the manufacturer/distributor. The franchised dealer(s) must provide this when applying for license.

17. MANUFACTURERS/DISTRIBUTORS, LINE-MAKES, AND TYPE CODES TO BE SOLD UNDER FRANCHISE:

Fill in each row completely with the information for vehicles to be manufactured or distributed. Be sure to include the "Type Code" and World Manufacturer Identifier (WMI).

The term "line-make" does not include models. **DO NOT LIST MODELS** of motor vehicles. (For example: Ford, Jaguar, and Lincoln are line-makes. Crown Victoria, Focus, Explorer, and F-150 are models within the Ford line.)
- B. WMI codes are obtained from the Society of Automotive Engineers, (724) 772-8511, and become the first 3-

digits of the VIN. NHTSA regulates VIN requirements and may be contacted at (202) 366-5291 or <http://icsw.nhtsa.gov/cars/rules/import/>.

- C. Distributors with more than one manufacturer must list the WMI codes for each manufacturer.
