Dear Motor Vehicle Lienholder:

The Federal Bureau of Investigation recently informed our department that this vehicle was involved in an investigation of fraudulently titled vehicles. The fraud involved omission of certain vehicle “brands” which are required by law to be stated on a Texas Certificate of Title. This is to notify you that the Texas Department of Motor Vehicles has **revoked the Texas Certificate of Title** issued to the vehicle listed above of which our records indicate you as the lienholder.

This vehicle was previously branded as “«Brand»,” but the brand was not transferred to the Texas Certificate of Title issued to the above referenced vehicle. The original Texas Certificate of Title and a copy of this letter **should be returned immediately** in the enclosed business reply envelope. When we receive the current title, this office will issue a **corrected title** with the appropriate brand and return it to your mailing address. This vehicle may not be sold, traded or registered until the corrected title has been issued.

If you have any questions, please check the Frequently Asked Questions (FAQ) section of our web page at: [www.txdmv.gov/vehicles/titles/trp.htm](http://www.txdmv.gov/vehicles/titles/trp.htm), or call our Title Control Systems Branch, at (512) 465-7400 (Option 2).

We understand that this issue may pose an inconvenience for you but your prompt response will ensure it can be resolved as quickly as possible.

Sincerely,

Randy Elliston, Director  
Vehicle Titles and Registration Division

Dear Motor Vehicle Owner:

The Federal Bureau of Investigation recently informed our department that your vehicle was involved in an investigation of fraudulently titled vehicles. Part of the fraud involved vehicles designated as nonrepairable. This is to notify you that the Texas Department of Motor Vehicles has **revoked the Texas Certificate of Title** issued to the vehicle listed above of which our records indicate you as the owner.

This vehicle was previously branded as nonrepairable or the equivalent. The “Nonrepairable” designation is applied to vehicles that incurred damage due to a wreck, flood or fire and that was so severe that the vehicle is prohibited from operation on public roads. A vehicle issued a Nonrepairable Vehicle Title may **ONLY** be used as a source of parts, scrap metal or demolition.

Your original Texas Certificate of Title **should be returned immediately** with this letter in the enclosed business reply envelope. When we receive your current title, this office will mail you a Nonrepairable Vehicle Title. **IMPORTANT NOTE: This vehicle may not be repaired, made operable, legally registered or driven in Texas.**

If you have any questions, please check the Frequently Asked Questions (FAQ) section of our web page at: [www.txdmv.gov/vehicles/titles/trp.htm](http://www.txdmv.gov/vehicles/titles/trp.htm) or call our Title Control Systems Branch, at (512) 465-7400 (Option 2).

We understand that this issue may pose an inconvenience for you but your prompt response will ensure it can be resolved as quickly as possible.
