General Conditions

- The applicant accepts all responsibility and liability for all damage resulting from movement of the described load on the state highway system.
- It is the responsibility of the permittee to clear any overhead obstructions or utility lines. In addition, all utility companies or other entities must be contacted in advance, as required by the utility or entity, to assist in clearing the obstruction.
- This oversize/overweight permit is issued on the condition that the permittee will comply with all laws and rules relating to the movement of oversize and/or overweight vehicles, equipment and/or loads on Texas roads and highways. Permittee may be cited for violation if any of these laws or rules, as adopted by TxDMV, are not followed.
- This permit does not authorize the vehicle to exceed the manufacturer's tire load rating listed in 49 C.F.R. 393.75f.
- Use caution at all railroad crossings. Railroad crossing hotline: 1-888-877-7267.
- Routing is the sole responsibility of the permittee.
- Permit valid on all state-maintained highways in Texas.
- May not travel over a load-restricted bridge when exceeding the posted capacity of the bridge.
- This permit authorizes the permitted vehicle to travel through any state road or highway construction or maintenance area, provided the size and weight of the vehicle do not exceed the construction restrictions available on the TxDMV website, www.TxDMV.gov.
- Loads should use loops or truck routes in cities whenever possible. Cities include, but are not limited to, Dallas, Fort Worth, San Antonio, Austin and Houston.
- All travel on toll roads must be approved by toll road authority(ies).
- Daylight movement only unless otherwise specified. Overweight only may travel at night.
- Movement of a permitted vehicle is prohibited when the road surface is hazardous due to rain, ice, sleet, snow, wind, or highway construction work or when visibility is less than 2/10 of one mile.
