

ASE Safety Inspection and Application for Custom Vehicle or Street Rod License Plates

Instructions/Information

CUSTOM VEHICLE is "a vehicle that is at least 25 years old and of a model year after 1948; or manufactured to resemble a vehicle that is at least 25 years old and of a model year after 1948, and that has been altered from the manufacturer's original design or has a body constructed from materials not original to the vehicle." **STREET ROD** is "a vehicle that was manufactured before 1949; or after 1948 to resemble a vehicle manufactured before 1949, and that has been altered from the manufacturer's original design, or has a body constructed from materials not original to the vehicle."

TO OBTAIN YOUR SPECIALTY PLATE: The inspection on page 2 must be completed by an Automotive Service Excellence (ASE) Certified Master Technician. Texas title and vehicle registration must be in your name. If the vehicle is leased, attach a copy of the lease agreement. Submit this completed form with all other required documentation to your local county tax assessor-collector's office. There is no fee for the specialty license plate, but your annual registration and other applicable fees must be paid. Your plate may be personalized for an additional \$40.00 fee (below). When the specialty plate is issued, an additional fee may be collected to establish a single expiration date for both the specialty plate and the vehicle registration. If ordering by mail, contact your county tax assessor-collector's office in 2-3 weeks to verify your plate is ready for issuance. **If the vehicle is sold/transferred, Custom Vehicle and Street Rod license plates are non-transferrable and must be removed.**

COUNTY TAX ASSESSOR-COLLECTORS: Replica vehicles applying for Street Rod or Custom Vehicle license plates must display the REPLICA brand with the year and make it resembles unless original to the year of manufacture. Send this form (attached to the *Application for Texas Title and/or Registration* (Form 130-U), if applicable) to the TxDMV in a Specially Marked Envelope.

Vehicle Information

Vehicle Identification Number (or Motor Number, if applicable)		Year	Make	Body Style	Model
Replica Year (if any)*	Replica Make (if any)*	Vehicle Type <input type="checkbox"/> Passenger <input type="checkbox"/> Truck <input type="checkbox"/> Motorcycle		Specialty Plate Type <input type="checkbox"/> Custom Vehicle <input type="checkbox"/> Street Rod	

Applicant Information

First Name (or Entity Name)		Middle Name	Last Name	Suffix (if any)
Address		City	State	Zip
Email (optional)		Phone Number (optional)		

Personalize Your Plate

If you would like to personalize your specialty plate, there will be a \$40.00 fee per year in addition to the annual registration and other applicable fees. **Personalization fee will not be refunded once application is submitted.**

- You may list more than one option in case the personalization you have chosen is unavailable. Your selection will not be approved if it has already been issued, is deemed offensive, or conflicts with another license plate pattern.
- Enter your choices in the selection blocks below exactly as you want them to appear on the license plate. The plate may consist of up to six (6) characters. Enter only one letter, number, blank space, dash, period, Texas silhouette (use an *), heart symbol (use an @), or star (use an &) per box. You do not have to use all the spaces provided.

International Symbol of Access (ISA) counts as two (2) characters and must be located at the beginning of the plate pattern. If you are disabled and applying for personalized specialty plates, the plate may consist of only the ISA symbol plus 3 characters. Use a percent sign (%) to indicate the ISA. Additionally, you must submit a signed Form VTR-214 to show eligibility.

1st Selection				2nd Selection				3rd Selection						

Applicant Certification- State law makes falsifying information a third degree felony

I, the above listed applicant, certify the above listed vehicle meets the eligibility requirements listed on this form, and I am providing proof of the ASE Certified Master Technician's vehicle inspection.

ASE Safety Inspection and Application for Custom Vehicle or Street Rod License Plates

Safety Inspection Required

This form is ONLY for vehicles applying for Custom Vehicle or Street Rod license plates. All other assembled vehicles not applying for one of these two license plates must complete the ASE Safety Inspection for Assembled Vehicles (Form VTR-64).

Safety Inspection: The vehicle must be certified as being structurally stable and safe by an ASE Certified Master Technician in order to operate on public roads. An ASE Certified Master Technician can be found at www.ASE.com. The ASE Certified Master Technician must inspect the vehicle and sign the certification on this page.

Once the vehicle is approved for Custom Vehicle or Street Rod license plates, the vehicle is exempt from the Texas vehicle safety inspection (and emissions inspection, if applicable). **It is recommended that you carry a copy of this completed application/inspection form in your vehicle.** Upon sale or transfer, the vehicle must be re-inspected by an ASE Certified Master Technician prior to applying for Custom Vehicle or Street Rod license plates.

Inspection/Inspector Information

- A current ASE Certified Master Technician must perform the inspection. Master status is established by passing the Automobile Test Series (A1 through A8).
- A copy of the certifications and expiration dates, available through the inspector's myASE account, must be submitted with this inspection. The inspection is not valid if any of the series (A1 through A8) are missing or expired at the time of the inspection. **This form is not valid without the certifications printout.**
- The inspection fee is set by each ASE Certified Master Technician.
- The ASE Certified Master Technician must initial each box, and provide comments as applicable, to certify the presence and/or safety of each item.

The automotive systems and parts listed below must be inspected, as applicable, based on the year model of the replica vehicle. A Custom Vehicle or Street Rod must only comply with state and federal motor vehicle safety laws in effect the year the vehicle resembles. For example, a 1955 replica vehicle must only comply with state and federal motor vehicle safety laws from 1955.

Technician Certification – State law makes falsifying information a third degree felony

I certify I am an ASE Certified Master Automobile Technician with current, valid credentials at the time of inspection, have inspected the vehicle listed, and certify it is **structurally stable and meets the necessary conditions to be operated safely** on public roads. The information provided is correct to the best of my knowledge at the time of inspection.
