## ADDITIONAL INFORMATION

Transportation Code, Chapter 501, Subchapter E, provides that a person who acquires ownership of a salvage or nonrepairable motor vehicle, regardless of the year model, must apply for a Texas Salvage or Nonrepairable Vehicle Title prior to further transfer of ownership. If applying for a Texas Salvage or Nonrepairable Vehicle Title, VTR Form-441 must be attached.

NOTE: Transportation Code §501.0935, requires a Salvage Pool Operator issued a salvage or nonrepairable title based on an insurance claim, to sell the vehicle and pay any excess proceeds from the sale to the previous owner of record, or if owner cannot be located, proceeds must be paid to the State Comptroller. If a lienholder is listed on the title record, any owner payment must be mailed to the lienholder.

<sup>&</sup>lt;sup>1</sup> If an owner has surrendered the original title with acceptance of the insurance claim payment, but either failed to assign or improperly assigned the document, the title must be surrendered to the department with any new title application.

<sup>&</sup>lt;sup>2</sup> If a request for title and registration verification is sent to the state of record and you are informed by that state that, due to the Driver's Privacy Protection Act restrictions, the state is unwilling or unable to provide information on the last known registered owner, or any lienholder of record, a copy of that communication must be attached.
