To whom it may concern:

Please be advised that the Mississippi State Tax Commission, Title Bureau, will begin issuing a redesigned certificate of title for motor vehicles and manufactured housing units. I have enclosed a sample for your review. The major changes to the certificate of title are as follows:

- · The size of the title has been increased to 8.5" by 11"
- The security features are:
 - Sensitized security paper that is reactive to the five chemical families commonly used to alter documents
 - Toner retention paper (laser printed title documents incorporate the ink into the paper allowing the retention of the toner to deter mechanical alteration of laser printed data such as scraping, lifting with tape, flaking off or folding either individually or in combination with each other)
 - Title contains a water mark created in a paraded pattern (DMV Screaming Eagle) into the sheet at the time of paper manufacture
 - Paper contains visible and invisible (fluorescent) security fibers integrated into and randomly distributed throughout the paper
 - The word "VOID" shall appear (face and back) when the document is copied using color copier

We will not be replacing or reissuing existing Mississippi titles. The old forms will remain in circulation. We ask that you continue to recognize both the old and new versions of the Mississippi Certificate of Title. Please direct any questions or comments to myself at 601-923-7228 or via email Ilawler@mstc.state.ms.us.

Tony Lawler, Director

Title Bureau
