

Time Permit Curfews

Effective Date: August 05, 2019

Permit types affected:

30/60/90 day: Length or Width

Quarterly: Hubometer

Annual: Crane | Exempt | Hay | Company Specific Envelope | Vehicle Specific Envelope | Fluid Milk Transport | Fracing Trailer | Implement of Husbandry | Intermodal Shipping Container Port | Overlength | MAP-21 Emergency Permit | Manufactured Housing | North Texas Intermodal | Over Axle/Over Gross Weight Tolerance | Ready-Mixed Concrete Truck | Rig-Up Truck/Unladen Lift | Timber | Utility Pole | Water Well Drilling Machinery & Related Equipment | Well Servicing Unit

Reason for this document: The Texas Department of Transportation (TxDOT) recently changed some curfew movement restrictions. Therefore, the Texas Department of Motor Vehicles (TxDMV) created this document so existing permit holders can print out a single document to attach to existing permits that may include outdated curfew movement restrictions. As TxDOT modifies curfew movement restrictions, TxDMV will publish the modified restrictions on its website for each TxDOT district, and we will attempt to create updated versions of this document. Permit holders are responsible for obtaining current curfew and movement restrictions at www.TxDMV.gov.

For oversize/overweight permits issued by TxDMV prior to the effective date listed above, the following curfew movement restrictions replace any curfew movement restrictions listed on the permit and are in effect until amended or until the permit expires, whichever occurs first. All curfew movement restrictions listed below might not apply to your specific permit, but each one was added because it applies to at least one of the permits listed above. Disregard any curfew movement restrictions that do not apply to your specific permit.

Location	Applies to:	Curfew Time(s)	Days
