AGENDA
BOARD MEETING
AUTOMOBILE BURGLARY AND THEFT PREVENTION AUTHORITY
4000 JACKSON AVE., BUILDING 1, LONE STAR ROOM
AUSTIN, TEXAS 78731
WEDNESDAY, JANUARY 18, 2017
9:00 A.M.

All agenda items are subject to possible discussion, questions, consideration, and action by the Board of the Automobile Burglary and Theft Prevention Authority (Board). Agenda item numbers are assigned for ease of reference only and do not necessarily reflect the order of their consideration by the Board. The Board reserves the right to discuss any items in executive session where authorized by the Open Meetings Act.

1. CALL TO ORDER
   A. Roll Call and Establishment of Quorum
   B. Approval of Transcripts from October 12, 2016, Board Meeting as Minutes
   C. Public Comment
   D. Comments from Chairman and Board Members
      Commendations and Congratulations

BRIEFINGS AND ACTION ITEMS - Bryan Wilson (including designated staff)
2. Discuss and Authorize Staff to Issue FY18-19 Request for Applications
   A. Issues for Current and Future Funding Cycles
      1. Continued, Modified and New Grant Categories
      2. Biennial Application Process
      3. Total Program Budget
   B. Priorities for New and Modified Grant Requests
      1. Cooperative Priority
      2. Crime Analyst and Trend Analysis
      3. Programs to combat pattern, organized and economic crime
      4. Funding Co-location facilities for deployment and resource management
      5. Prosecutorial elements
   C. Process Modifications
      1. Quarterly submission of monthly progress reports
      2. Reassessment of scoring methods based on new Continued, Modified and New Grant Categories

3. Authorization to enter into agreement with Texas A&M University to configure and deploy grant management and tracking system

4. Discussion about 85th Legislative Session
   A. Adopt Clean-up of ABTPA Legislation
      1. Add burglary to certain sections
      2. Add certain Motor Vehicle Crimes under Transportation Code, Chapter 1001
   B. Report on Legislative Appropriation Request FY18-19
C. Report on HB 652 - Dedicated Account Bill  
D. Report on FY18/19 Biennial Plan of Operation

5. Discussion and Possible Action about Coordinating With the Insurance Council of Texas for Education Marketing

6. Motor Vehicle Theft Investigator Training Update, Including Authorization of Travel And Support Funds

7. Report and Update on ABTPA Operational Guide

8. Committee Appointments

REPORTS - Bryan Wilson (including designated Staff)

9. Insurance Collection Update for Auto Theft Fee

10. Director's Report
    Report on ABTPA-related activities identified by the Director as noteworthy, which may include reports on:

    A. Budget
    B. Grant Activities and Analysis
    C. Grant Adjustments
    D. Educational Programs and Marketing
    E. Agency Operations
    F. Personnel Updates
    G. Monitoring

11. EXECUTIVE SESSION
    The Board may enter into closed session under one or more of the following provisions of the Texas Open Meetings Act, Government Code, Chapter 551:

    A. Section 551.071 - Consultation with and advice from legal counsel regarding:
       - pending or contemplated litigation, a settlement offer;
       - a matter in which the duty of the attorney to the government body under the Texas Disciplinary Rules of Professional Conduct of the State Bar of Texas clearly conflicts with Government Code, Chapter 551; or
       - any item on this agenda.

    B. Section 551.074 - Personnel matters. Discussion relating to the appointment, employment, evaluation, reassignment, duties, discipline, and dismissal of personnel.

    C. Section 551.076 - Security devices or security audits:
       - the deployment, or specific occasions for implementation, of security personnel or devices; or
       - a security audit.

12. ACTION ITEMS FROM EXECUTIVE SESSION

13. ADJOURNMENT
The Board will allow an open comment period to receive public comment on any agenda item or other matter that is under the jurisdiction of the Board. No action will be taken on matters that are not part of the agenda for the meeting. For subjects that are not otherwise part of the agenda for the meeting, Board members may respond in accordance with Government Code, Section 551.042 and consider the feasibility of placing the matter on the agenda for a future meeting.

Agenda items may be presented by the named presenters or other staff.

Pursuant to Sections 30.06 and 30.07, Penal Code (trespass by license holder with a concealed or openly carried handgun), a person licensed under Subchapter H, Chapter 411, Government Code (handgun licensing law), may not enter this property with a concealed handgun or a handgun that is carried openly.

Any individual with a disability who plans to attend this meeting and requires auxiliary aids or services should notify the department as far in advance as possible, but no less than two days in advance, so that appropriate arrangements can be made. Contact the Automobile Burglary and Theft Prevention Authority by telephone at (512) 465-4011.

I certify that I have reviewed this document and that it conforms to all applicable Texas Register filing requirements.

CERTIFYING OFFICIAL: David Richards, General Counsel, (512) 465-5665.

Section 1. Call to Order Part B. Approval of Transcript as Minutes

NOTES:
ABTPA staff emailed the October 12, 2016 Board Meeting Transcript to all Board Members on December 30, 2016 for review.
Board Agenda Item

Section 1. Call to Order  Part D. Commendations and Congratulations
Automobile Burglary and Theft Prevention Authority  
January 18, 2017

Congratulations

The ABTPA Board and staff would like to congratulate the following task force staff on their retirement. Thank you for your dedication, hard work and contributions you made to the Taskforces.

**Dallas County**
**North Texas Auto Theft Task Force**

Captain David Mitchell  
1987-2017

**City of Houston**
**Houston Auto Crimes Task Force**

Sr. Police Officer James Woods  
1984-2016

**City of El Paso**
**Auto Theft Task Force**

Officer Ernesto “Ernie” Arredondo  
1989-2016

Officer Arredondo #1300, joined the El Paso Police Department in February of 1989. He started his law enforcement career with the El Paso Police Department, after the completion of the police academy, at the old N.E.S.S. (Northeast Sub-station), currently known as the Northeast Regional Command Center (NERCC) in June of 1989. For his first five years of service, he served as a patrol officer and subsequently as member of the NE Tactical Unit. He quickly heard his calling and made the transformation to an Auto Theft Task Force Investigator in November 1994, where he has been serving with honor ever since.

Officer Arredondo has held many positions within the unit and has a wealth of knowledge associated with auto theft investigations. Officer Arredondo has held the position of Officer-in-Charge (OIC) in the absence of his supervisors, as he is very knowledgeable in departmental policy & procedures, Texas Law, and day-to-day operations. He has also served as a member of the taskforce field team, as an instructor, a public awareness officer, a mentor, trainer, and a friend to many of his colleagues over the past 22 years of service with the taskforce. Officer Arredondo is a great asset to the unit, to the department, and he will be greatly missed.
On behalf of previous and current members of the taskforce, ABTPA and the Board we would like to congratulate Officer Ernie Arredondo on his major accomplishment and wish him well on his future endeavors.

Joined the EPPD Academy:  FEB 1989-JUNE 1989
Assigned to N.E.S.S.:    JUNE 1989-NOV 1994
EPPD Auto Theft Task Force:      NOV 1994-DEC 2016 (22 years of Dedicated Service to the ATTF)

Harris County
Harris County Sheriff’s Office Auto Theft Unit

Sergeant Shane McCoy
1987-2016

Investigative Sergeant Shane McCoy retired from the Harris County Sheriff’s Office Auto Theft Unit / BMV Detail on November 30, 2016, after 29 years of service with the agency.

During his tenure, he served in numerous divisions including the Criminal Warrants Unit, the Special Thefts Unit, the Robbery Unit, the Home Invasion Detail and the Adult Sex Crimes Unit.

Due to Sergeant McCoy’s background and experience, he was selected to represent our agency as a member of the FBI Violent Crime Fugitive Joint Task Force and the FBI Violent Crime Bank Robbery Task Force.

He authored two grants that allowed deputies to work in warrant divisions that previously only allowed the rank of detective or above.

Sergeant McCoy received many awards and accolades during his career. He was honored as “Officer of the Year” by the 100 Club of Houston in 1993 for arresting two capital murder defendants, thirty aggravated robbery defendants and 25 sex offenders. He also recovered $362,000 from a wanted fugitive which was at the time the largest amount ever seized by a HCSO Non-Narcotic Unit.

He instructed many law enforcement courses for the HCSO Academy, the Montgomery County Sheriff’s Office, San Jacinto College - Criminal Justice Department, Rice University Police Department Academy, the Texas Women in Law Enforcement Conference and the Texas Gulf Coast Crime Prevention Association.

Sergeant McCoy joined the Auto Theft Unit in 2009 and later transferred to the BMV Unit. During his time in both these units, he conducted detail investigations and used innovative techniques to charge and arrest criminals for auto related crimes.

Following his retirement, he accepted a position as a Captain with Harris County Precinct Three Constables Office, Patrol Division.

Sergeant McCoy’s knowledge, experience and dedication to our unit, as well as the Harris County Sheriff’s Office, is unsurpassed and will truly be missed.

Comments  
Copy of the email former board member Jerry Wright sent to Bryan Wilson.  

From: jerry wright [mailto:righttoo@att.net]
Sent: Monday, October 24, 2016 12:09 PM
To: Wilson, Bryan <Bryan.Wilson@txdmv.gov>
Subject: Thank you, ABTPA

Hello, Bryan.

Just wanted to let you know that I received the beautiful plaque from ABTPA. Thank you so much for the special recognition. Please convey my heartfelt thanks to the board, staff and the ABTPA task force members. It was truly an honor and pleasure to be able to serve the State of Texas, represent the City of El Paso, and work with such distinguished folks, through ABTPA.

Bryan, it was a pleasure working with you. I wish you continued success and know that ABTPA will always hold a special place in my heart.

Best personal regards,
Jerry Wright

"Cherish yesterday, dream tomorrow, live today."
Board Agenda Item

Briefings and Action Items

Section 2. Discuss and Authorize Staff to Issue FY18-19 Request for Applications Part A. Issues for Current and Future Funding Cycles

1. Continued, Modified and New Grant Categories
2. Biennial Application Process
3. Total Program Budget
Board Agenda Item

Briefings and Action Items

Section 2. Discuss and Authorize Staff to Issue FY18-19 Request for Applications Part A. Issues for Current and Future Funding Cycles

1. Continued, Modified and New Grant Categories
Texas Administrative Code 43 RULE §57.14 Approval of Grant Projects
(a) The ABTPA board will approve funding for projects on an annual basis, subject to continuation of funding through state appropriations and availability of funds.
(b) To be eligible for consideration for funding, a project must be designed to support one of the following ABTPA program categories:
   (1) Law Enforcement, Detection and Apprehension;
   (2) Prosecution, Adjudication and Conviction;
   (3) Prevention, Anti-Theft Devices and Automobile Registration;
   (4) Reduction of the Sale of Stolen Vehicles or Parts; and
   (5) Educational Programs and Marketing.
(c) Grant award decisions by the ABTPA are final and not subject to judicial review.

1. Continued, Modified and New Grant Funding Categories
Consider adopting grant application processes for FY18 RFA that allow for funding consideration in three FUNDING categories or APPLICATION categories:

Continued Grant Category – Only available to agencies that have an FY17 grant. These are annual competitive grants that require a minimum cash match of 20% for the program described in the application. The application must be submitted for substantially the same program as the previous year. In this case, that would be FY2017. The requested funds, match funds, and in-kind match must be within 5% of the previous year. The number of staff positions must be within 5% of the total positions.

Modified Grant Category – Only available to agencies that have an FY17 grant. The grantee will only enter the portion where a change is made of greater than 5% between the continued grant application and the FY2017 budget. Increases or decreases in personnel, fringe, travel, supplies, contract, equipment or changes in number of personnel, match percent or amount would be included in this category. These are annual competitive grants that require a minimum cash match of 20% for the program described in the application.

New Grant Category – Available to entities that are not currently operating under an FY17 grant (as the primary recipient of an FY17 grant). The applicant may be a participant in an FY17 grant (as a sub-grantee or a member of a regional auto theft task force) but may wish to submit an application as the primary grant recipient under their own agency. These are annual competitive grants that require a minimum cash match of 20% for the program described in the application.

Rationale:
1) Recognizes the need to maintain hardened resources available under current funded programs (Hardened Resources=highly trained motor vehicle theft investigators, vehicles and other technology);
2) ABTPA Grant Award process will have a three part consideration based on Legislative Appropriation (status quo, expansion within hardened resource jurisdictions, and expansion to new areas);
3) Still allows ABTPA to look at performance and impact of current grantees with an eye on improvement and adjustment of resources;
4) Promotes better cooperation and dedication to mission rather than focus on the grant application process.
Board Agenda Item

Briefings and Action Items

Section 2. Discuss and Authorize Staff to Issue FY18-19 Request for Applications Part A. Issues for Current and Future Funding Cycles

2. Biennial Application Process
Texas Administrative Code 43 RULE §57.14 Approval of Grant Projects
(a) The ABTPA board will approve funding for projects on an annual basis, subject to continuation of funding through state appropriations and availability of funds.

2. Biennial Application Process

Consider adopting grant application processes for FY18-19 RFA that allow for a single application to be used for the biennium.

The ABTPA Board would still continue to award on any annual basis. Staff would review grant budgets between appropriation years and provide to the ABTPA board for board action a funding schedule that would include continued grants with no changes, grants with grantee requested changes, or modified grant amounts in the interest of ABTPA.

Grantees would not be entitled to automatically carry forward large equipment purchases or start-up costs into second year of the biennium. If a new program was funded with new vehicles, equipment, office equipment, etc., the second year of the biennium would not include the startup items. Grant adjustments and updates will be allowed to facilitate changes that occur during the funding cycle.

Rationale:
1) Reduces transactions costs for local agencies by reducing paperwork (let law enforcement conduct investigations instead of reapplying for grants);
2) Provides reduced transaction costs and complexity for financial officers;
3) Reduces review time for ABTPA staff and Board;
4) Allows reasonable expectation for continued funding on a two year cycle subject to availability of state funds.
Board Agenda Item

Briefings and Action Items

Section 2. Discuss and Authorize Staff to Issue FY18-19 Request for Applications Part A. Issues for Current and Future Funding Cycles

3. Total Program Budget
3. Total Program Budget

Consider adopting a grant application and administration process for FY18 -19 RFA that requires applications to provide a total program cost budgeting for implementing the program and reimbursement based on the percent of match agreed upon in the award.

Budgets in the grant application(s) will be developed based on the total program costs to operate the program. The current method of parsing individual costs to use as match or ABTPA reimbursement is inconsistent with the accounting methods used by cities and counties. Therefore jurisdictions are required to establish and maintain accounting systems (usually Excel spreadsheets) that do not always agree with the financial records of that jurisdiction. A total program cost budget will be developed in the application. The jurisdiction will determine in the application the amount of cash match to be provided. If the award is accepted the jurisdiction will provide the amount spent each quarter. The percent of reimbursement is made on the total amount spent.

**EXAMPLE:**

<table>
<thead>
<tr>
<th></th>
<th>Proposed Method – Consistent with local agency records</th>
<th>Current Method – not usually consistent with local agency records</th>
</tr>
</thead>
<tbody>
<tr>
<td></td>
<td>Total ABTPA PD/SO Percent Split ABTPA PD/SO Total</td>
<td></td>
</tr>
<tr>
<td>Personnel</td>
<td>$10,000 $8,000 $2,000 80/20 $10,000 $10,000</td>
<td></td>
</tr>
<tr>
<td>Fringe</td>
<td>$5,000 $4,000 $1,000 80/20 $2,200 $2,800 $5,000</td>
<td></td>
</tr>
<tr>
<td>Travel</td>
<td>$1,000 $800 $200 80/20 $200 $800 $1,000</td>
<td></td>
</tr>
<tr>
<td>Equipment</td>
<td>$5,000 $4,000 $1,000 80/20 $5,000 $5,000</td>
<td></td>
</tr>
<tr>
<td>Supplies</td>
<td>$3,000 $2,400 $600 80/20 $1,600 $1,400 $3,000</td>
<td></td>
</tr>
<tr>
<td>Contract</td>
<td>$1,000 $800 $200 80/20 $1,000 $1,000</td>
<td></td>
</tr>
<tr>
<td>Total</td>
<td>$25,000 $20,000 $5,000 80/20 $20,000 $5,000 $25,000</td>
<td></td>
</tr>
</tbody>
</table>

Exceptions provided by ABTPA Board for National Insurance Crime Bureau and Texas Department of Public Safety agents to be counted as cash match subject to grant rules of Time Certification and grantee monitoring of sub-grantees will continue.

Use of program income will continue under this system as authorized by annual application or director during grant year with adjustment.

**Rationale:**

1) Reduces transactions costs for grantees by reducing paperwork required to track various partitions in the grant budget;
2) Can be supported by automation on the local and ABTPA sides;
3) Provides reduced complexity for financial officers;
4) Reduces review time for ABTPA staff.
Board Agenda Item

**Briefings and Action Items**

Section 2. Discuss and Authorize Staff to Issue FY18-19 Request for Applications Part B. Priorities for New and Modified Grant Requests

1. Cooperative Priority
2. Crime Analyst and Trend Analysis
3. Programs to combat pattern, organized and economic crime
4. Funding Co-location facilities for deployment and resource management
5. Prosecutorial elements
Priorities for New and Modified Grant Requests

The Strategic Planning Results Outline Adopted by the ABTPA Board in May 2016 and the FY2018-2019 Plan of Operation submitted to the Texas Legislature committed the ABTPA to certain principles tied to additional funding Legislative Appropriation Request for funding.

Consider adopting new and modified grant application priorities that will be used to prioritize applications during the grant scoring and award process and will align with the Strategic Planning Results Outline Adopted by the ABTPA Board in May 2016 and the FY2018-2019 Plan of Operation submitted to the Texas Legislature on December 1, 2016.

**Cooperative Priority** – Applications for grant programs that place an emphasis on filling in the law enforcement coverage gap (area and personnel) and to increase cooperation between multiple jurisdictions. This will also include grant programs that expand existing multi-jurisdictional agreements to include additional jurisdictions.

**Crime Analysts and Trend Analysis** – Prioritize applications that introduce, increase, or expand the use of crime analysts or significant crime trend analysis. The crime analysts will use data analysis and other methods to support the interdiction of criminals and to disrupt criminal economic enterprises. These positions will also monitor and track the confluence of motor vehicle crime with other major crimes such as organized crime, human trafficking, and drug distribution.

**Programs to combat pattern, organized and economic crime** - Prioritize applications that introduce, increase, or expand efforts to combat pattern, organized and economic crime. A crime pattern is a group of two or more crimes that possess similar characteristics such as lack of connection between victim and offenders. Organized crime includes efforts by criminals to conspire to commit burglary of a motor vehicle and motor vehicle theft. Grant applications that include specific initiatives to target pattern, organized and economic crime will receive prioritization.

**Funding Co-location** – Prioritize programs that demonstrate and provide specialized operations to improve collaboration and use of resources (such as collection of intelligence and data for use in auto theft units). Co-location is not limited to a physical space. It can also include the collaborative management of resources such as personnel, surveillance equipment and bait vehicles. Establishing a shared physical space between Task Forces or between jurisdictions can be an effective way to increase collaboration and leverage resources, including experience and specialized expertise. Effective use of co-location does not necessarily require being in the same location or facility full-time.

**Prosecutorial elements** – Grant Applications that include Specialized Motor Vehicle Crime Prosecutors to focus specifically on motor vehicle burglary and theft (including organized motor vehicle crime) may receive prioritization in considering grant awards. Specialized prosecutors could also be available to assist in pursuing convictions related to other motor vehicle crime and could develop and deliver training for other prosecutors around the state.

**Rationale:**
- Promote the use of funds consistent with statutory requirements;
- Align grant funding requirements with strategic plan;
- Increase the effectiveness of determining and expanding funding to programs that meet state objectives.
Board Agenda Item

**Briefings and Action Items**

**Section 2.** Discuss and Authorize Staff to Issue FY18-19 Request for Applications **Part C.** Process Modifications

1. Quarterly submission of monthly progress reports
2. Reassessment of scoring methods based on new Continued, Modified and New Grant Categories
Process Modifications

Consider adopting an administration process for FY18-19 RFA that requires applications to submit monthly progress reports once every quarter.

**Monthly Progress Reports** – Grant Recipients will continue to complete monthly progress reports and maintain records to demonstrate the work that is being conducted in the state’s interests. However, ABTPA staff will review progress report submissions on a quarterly basis, consistent with other federal and state grant programs. Grant Recipients are always encouraged to share important news and other major developments on a timely basis but restructuring the requirements to review and certify progress reports will allow ABTPA staff to use limited time more efficiently. Finally, the monthly ABTPA Webinar and Border Intel Webinar will continue to serve as a regular venue for grant recipients to share important information with ABTPA staff as well as other Task Forces around the state.

Consider authorizing staff to produce a recommended grant scoring method that reflects the continued, modified and new grant application categories.

**Scoring Method** – The scoring method established in the “Redesign” report of 2014 will need to be modified in order to allow for the new and modified grant categories to be assigned a value that is reflective of the statutory process. The current score system for continued grant applications assigns 90 percent of the grant award amount on the amount requested, regardless of the number of incidents if motor vehicle burglary or theft.

**Rationale:**

Promote the use of funds consistent with statutory requirements, available appropriations and strategic planning results.
Board Agenda Item
Briefings and Action Items

Section 3. Authorization to enter into agreement with Texas A&M University to configure and deploy grant management and tracking system
Agreement with Texas A&M University for Grant Management and Tracking System

- Authorize the ABTPA Director to spend up to $60,000 in FY2017 to configure, develop, and implement a Grant Management and Tracking System with Texas A&M University.
- Authorize TxDMV to enter to an agreement with multiple renewal options under Texas Government Code, Chapter 771, Interagency Cooperation Act on behalf of ABTPA with Texas A&M University for a Grant Management and Tracking System.

Draft Cost Structure
PPRI will develop and deploy the system according to the following cost reimbursement schedule:

Year 1 (Partial Year) – $60,000
Year 2 – $35,000
Year 3 and on-going $25,000

Draft Project Description
The objective of this Statement of Work (SOW) is to secure an existing grant management Software as a Service (SaaS) web application and deliverable based services for the Texas Department of Motor Vehicles (TxDMV), Automobile Burglary and Theft Prevention Authority (ABTPA) Division (referred to as TxDMV, ABTPA hereafter) through an intergovernmental agreement under Texas Government Code, Chapter 771. Interagency Cooperation Act. The agreement is intended to support provision of necessary and authorized services and resources by TxDMV, ABTPA. These services will include PPRI developing screens and interface systems to see grant application availability; to register a grant applicant agency; allow for and provide screens and interface for application completion and application submission; provide interface for scoring and tabulating grants reviews; interface and screens to issue, record and track grant award and acceptance; provide interface for input, tracking and reporting of progress report submission; expenditure report submission; allow for payment tracking and reporting; provide screens and interface for site visit and monitoring tracking and reporting; provide compilation or screens to establish grant close-out, and allow for report (summary and detail) generation modules and business intelligence dashboards.

Draft Functionality

1. Web Based Portal
2. Basic Application and Goals/ Strategies/ Activities
3. Application Submittal Signature Box
4. Application Scoring and Comment
5. Application Negotiation and Modification
6. Grant Approval and Acceptance
7. Grant Adjustments Requests and Approval
8. Upload Capabilities
9. Reports from Grantees
10. ABTPA Reports, Dashboard and Business Intelligence Section
11. Expenditure Report
12. Program Income and Other Revenue/Expense Tracker
13. Compliance Section
14. Grant Close Out Section
15. Grantee specific Inventory Report and “Equipment Disposition” Requests
16. Call log notes feature
17. Public Access Website
18. Training
19. Administrative Manual
20. Maintenance and ever greening
21. On-going Maintenance and support, software, mainframe (includes help desk for grantees and staff)
22. Cost estimate for cloud based hosting services

Section 4. Discussion about 85th Legislative Session Part A. Adopt Clean-Up of ABTPA Legislation

1. Add burglary to certain sections
2. Add certain Motor Vehicle Crimes under Transportation Code, Chapter 1001
3. Remove DISCOS report obligations
Automobile Burglary and Theft Prevention Authority
January 18, 2017

Discussion about 85th Legislative Session

➢ Consider authorization to pursue legislation to add burglary to existing statutory sections; add criminal enforcement of the statutes listed in Section 1001.002(b) of the Transportation Code to ABTPA use of funds; and remove TxDOT related reporting requirement.

Proposed Clean-up of ABTPA Legislation

Info: Allow ABTPA grantees to use grant money for criminal enforcement of TxDMV statutes. Removes ABTPA grants from TxDOT DISCOS reporting requirement since ABTPA is no longer a part of TxDOT.

4.A.1 & 2 LANGUAGE:

Article 4413(37), Revised Statutes, Sec. 6:
(j) The authority shall:
(1) develop and use standard performance measures for each category of grants provided by the authority in order to assess grantee success in achieving the purposes of this article; and
(2) ensure that grants are used to help increase:
(A) the recovery rate of stolen motor vehicles;
(B) the clearance rate of motor vehicle burglaries and thefts; [and]
(C) the number of persons arrested for motor vehicle burglary and theft; and
(D) the enforcement of statutes referenced in Sec. 8(a)(7).

(k) The authority shall allocate grant funds primarily based on the number of motor vehicles stolen in, [or] the motor vehicle burglary or theft rate across, or the need to reduce violations of statutes referenced in Sec. 8(a)(7) throughout the state rather than based on geographic distribution.

Sec. 7. PLAN OF OPERATION.
Text of subsection as amended by Acts 2007, 80th Leg., R.S., Ch. 308 (H.B. 1887), Sec. 8

(b) The plan of operation must include:
(1) an assessment of the scope of the problems of automobile burglary or theft and economic automobile theft, including particular areas of the state where the problems are greatest;
(2) an analysis of various methods of combating the problems of automobile burglary or theft and economic automobile theft;
(3) a plan for providing financial support to combat automobile burglary or theft and economic automobile; and
(4) an estimate of the funds required to implement the plan of operation.

Text of subsection as amended by Acts 2007, 80th Leg., R.S., Ch. 927 (H.B. 3225), Sec. 2

(b) The plan of operation must include:
   (1) an assessment of the scope of the problems of motor vehicle burglary and theft and economic motor vehicle theft, including particular areas of the state where the problems are greatest;
   (2) an analysis of various methods of combating the problems of motor vehicle burglary and theft and economic motor vehicle theft;
   (3) a plan for providing financial support to combat motor vehicle burglary and theft, and violations of the statutes referenced in Sec 8(a)(7); and
   (4) an estimate of the funds required to implement the plan of operation.

Sec. 8. USE OF APPROPRIATED FUNDS.
Text of subsection as amended by Acts 2007, 80th Leg., R.S., Ch. 308 (H.B. 1887), Sec. 9

(a) Money appropriated to the department for authority purposes shall be used by the authority to pay the department for administrative costs and to achieve the purposes of this article, including:
   (1) establishing and funding the automobile registration program required by Section 9 of this article;
   (2) providing financial support to law enforcement agencies for economic automobile theft enforcement teams;
   (3) providing financial support to law enforcement agencies, local prosecutors, judicial agencies, and neighborhood, community, business, and nonprofit organizations for programs designed to reduce the incidence of economic automobile theft;
   (4) conducting educational programs designed to inform automobile owners of methods of preventing automobile burglary or theft;
   (5) providing equipment, for experimental purposes, to assist automobile owners in preventing automobile burglary or theft; and
   (6) establishing a uniform program to prevent stolen motor vehicles from entering Mexico.
(a) Money appropriated to the department for authority purposes shall be used by the authority to pay the department for administrative costs and to achieve the purposes of this article, including:

(1) establishing and funding the motor vehicle registration program required by Section 9 of this article;
(2) providing financial support to law enforcement agencies for economic motor vehicle theft enforcement teams;
(3) providing financial support to law enforcement agencies, local prosecutors, judicial agencies, and neighborhood, community, business, and nonprofit organizations for programs designed to reduce the incidence of economic motor vehicle theft;
(4) conducting educational programs designed to inform motor vehicle owners of methods of preventing motor vehicle burglary and theft;
(5) providing equipment, for experimental purposes, to assist motor vehicle owners in preventing motor vehicle burglary and theft; and
(6) establishing a uniform program to prevent stolen motor vehicles from entering Mexico; and
(7) providing financial support to law enforcement agencies, local prosecutors, and judicial agencies for the criminal enforcement of the statutes listed in Section 1001.002(b) of the Transportation Code.

4.A.3 Transportation Code Sec. 201.805:
(a) The department shall annually publish in appropriate media and on the department's Internet website in a format that allows the information to be read into a commercially available electronic database a statistical comparison of department districts and the following information, calculated on a per capita basis considering the most recent census data and listed for each county and for the state for each fiscal year:

(1) the number of square miles;
(2) the number of vehicles registered;
(3) the population;
(4) daily vehicle miles;
(5) the number of centerline miles and lane miles;
(6) construction, maintenance, and contracted routine and preventive maintenance expenditures;
(7) combined construction, maintenance, and contracted routine and preventive maintenance expenditures;
(8) the number of district and division office construction and maintenance employees;
(9) information regarding grant programs, including:
(A) [Automobile Theft Prevention Authority grants;]

(B) Routine Airport Maintenance Program grants;

(C) Public Transportation Grant Program grants;

(D) Medical Transportation Program grants;

and

(E) aviation grants or aviation capital improvement grants;

(10) approved State Infrastructure Bank loans;

(11) Texas Traffic Safety Program grants and expenditures;

(12) the dollar amount of any pass-through toll agreements;

(13) the percentage of highway construction projects completed on time;

(14) the percentage of highway construction projects that cost:

(A) more than the contract amount; and

(B) less than the contract amount; and

(15) a description of real property acquired by the department through the exercise of eminent domain, including the acreage of the property and the location of the property.

Section 4. Discussion about 85th Legislative Session Part C.
Report on HB 652 – Dedicated Account Bill
A BILL TO BE ENTITLED

AN ACT

relating to the deposit and appropriation of revenue received or
collected by the Automobile Burglary and Theft Prevention
Authority.

BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF TEXAS:

SECTION 1. Section 10(e), Article 4413(37), Revised Statutes,
is amended to read as follows:

(e) The [Fifty percent of each] fee collected under
Subsection (b) of this section shall be deposited to the credit of
the subaccount described by Section 13 of this article and may be
appropriated only to the [department] [authority] for [the] purposes
of the [authority] under this article.

SECTION 2. Article 4413(37), Revised Statutes, is amended by
adding Section 13 to read as follows:

Sec. 13. DEPOSIT AND APPROPRIATION OF REVENUE. All gifts,
grants, and other revenue collected or received by the authority
shall be deposited to the credit of a subaccount in the Texas
Department of Motor Vehicles fund and may be appropriated only to the department for purposes of the authority under this article.

SECTION 3. Section 1001.152, Transportation Code, is amended to read as follows:

Sec. 1001.152. USE OF MONEY IN FUND. Money that is required to be deposited in the state treasury to the credit of the Texas Department of Motor Vehicles fund may be used by the department only:

(1) to support the department's operations and the administration and enforcement of the department's functions; [or]

(2) to pay the accounting costs and related liabilities for the fund, including fringe benefits, workers' compensation, and unemployment compensation; or

(3) for purposes of the Automobile Burglary and Theft Prevention Authority under Section 13, Article 4413(37), Revised Statutes.

SECTION 4. Section 1001.151(c), Transportation Code, is repealed.

SECTION 5. This Act takes effect September 1, 2017.
Board Agenda Item
Section 4. Discussion about 85th Legislative Session Part D. Report on FY18/19 Biennial Plan of Operation
Texas Department of Motor Vehicles

Plan of Operation for the
Automobile Burglary & Theft
Prevention Authority

Prepared for the
Texas Legislature
for
Fiscal Years 2018-2019

December 1, 2016

Watch Your Car
TEXAS AUTO BURGLARY & THEFT PREVENTION AUTHORITY
December 1, 2016

The Honorable Dan Patrick
Lieutenant Governor
Capitol Station
PO Box 12068
Austin, Texas 78711

Lieutenant Governor Patrick,

I am pleased to submit the 2018-2019 Plan of Operation for fiscal years for the Automobile Burglary and Theft Prevention Authority (ABPTPA), which is required by the Texas Revised Civil Statutes, Article 4413 (37), §7. The Authority submits this biennial operations plan to the Legislature by December 1 of each even-numbered year to provide an assessment and analysis of motor vehicle burglary and theft, as well as the Authority’s plan for providing financial support to combat motor vehicle burglary and theft, and an estimate of the funds that are required to implement this plan of operation.

The grant funding provided by the State of Texas through ABPTPA to support local efforts to reduce and combat these crimes is generated from a $2 fee on motor vehicle insurance policies issued. Local jurisdictions have closely matched the funding efforts of the State with cash and in-kind contributions necessary to operate all of the highly specialized law enforcement programs that are funded by the ABPTPA. Despite the combined efforts of state and local stakeholders, Texas still faces nearly $1 Billion in losses due to automobile burglary and theft each year.

The current Texas Department of Motor Vehicles FY2018-2019 Legislative Appropriation Request, Exceptional Item number 4 requests restoration of the 4% reduction in appropriated funds directed by state leadership. Exceptional Item number 5 requests an additional $12.65 million per year for adding sufficient staff and technology to significantly reduce motor vehicle burglary and theft and the corresponding losses. The attached operation plan outlines the activities and methods that will be employed by the ABPTPA. Even though the ABPTPA activities are funded by a specific fee assessment on automobile insurance policies less than one third of the revenue received is dedicated for its stated purpose.

Members of the Authority and its director, Bryan Wilson, are ready to serve as a resource for the Legislature and to answer any questions that arise. Please contact us at [512-465-4012]. I want to thank you for your review and consideration of this FY2018-2019 Plan of Operation.

Respectfully,

Chief Carlos L. Garcia
Presiding Officer
Automobile Burglary and Theft Prevention Authority

4000 Jackson Avenue – Austin, Texas 78731 – 512/465-1485 – Fax 512/465-3775
www.texwatchyourcar.com
December 1, 2016

The Honorable Joe Straus
Speaker of the House
Room 2W.13, Capitol
PO Box 2910
Austin, Texas 78768

Speaker Straus,

I am pleased to submit the 2018-2019 Plan of Operation for fiscal years for the Automobile Burglary and Theft Prevention Authority (ABPTPA), which is required by the Texas Revised Civil Statutes, Article 4413 (37), §7. The Authority submits this biennial operations plan to the Legislature by December 1 of each even-numbered year to provide an assessment and analysis of motor vehicle burglary and theft, as well as the Authority’s plan for providing financial support to combat motor vehicle burglary and theft, and an estimate of the funds that are required to implement this plan of operation.

The grant funding provided by the State of Texas through ABPTPA to support local efforts to reduce and combat these crimes is generated from a $2 fee on motor vehicle insurance policies issued. Local jurisdictions have closely matched the funding efforts of the State with cash and in-kind contributions necessary to operate all of the highly specialized law enforcement programs that are funded by the ABPTPA. Despite the combined efforts of state and local stakeholders, Texas still faces nearly $1 Billion in losses due to automobile burglary and theft each year.

The current Texas Department of Motor Vehicles FY2018-2019 Legislative Appropriation Request, Exceptional Item number 4 requests restoration of the 4% reduction in appropriated funds directed by state leadership. Exceptional Item number 5 requests an additional $12.65 million per year for adding sufficient staff and technology to significantly reduce motor vehicle burglary and theft and the corresponding losses. The attached operation plan outlines the activities and methods that will be employed by the ABPTPA. Even though the ABPTPA activities are funded by a specific fee assessment on automobile insurance policies less than one third of the revenue received is dedicated for its stated purpose.

Members of the Authority and its director, Bryan Wilson, are ready to serve as a resource for the Legislature and to answer any questions that arise. Please contact us at [512-465-4012]. I want to thank you for your review and consideration of this FY2018-2019 Plan of Operation.

Board Agenda Item

Briefings and Action Items

Section 5. Discussion and Possible Action about Coordinating with the Insurance Council of Texas for Education Marketing
Possible Coordination with the Insurance Council of Texas for Education Marketing

- Consider whether to authorize staff to discuss and develop possible actions to coordinating with the Insurance Council of Texas for future education and marketing initiatives.

ABTPA staff conducted a conference call with the Insurance Council of Texas (ICT) on December 20, 2016. Mark Hanna, Paula Harmon and Jay Thompson participated from ICT. The purpose of the call was to discuss the possibility of establishing an agreement between ABTPA and ICT to assign significant portions of ABTPA’s Education and Marketing program to ICT. Several options for the agreement were discussed, including a contract with ICT. Since ICT is a registered non-profit organization, the possibility of a grant was also discussed.

What ICT can provide:
- ICT has experience with marketing programs. They already conduct programs such as Lock, Take, Hide where they provide signs to jurisdictions. They have also sponsored the smoke alarm campaign “We’re Out to Alarm Texas” where they provided smoke alarms to fire departments to install in elderly/low income housing. ICT also worked on the Hurricane Tour where they conducted media interviews, newspaper and radio spots and brochure distribution.
- ICT has a professional and dedicated staff.
- ICT has the history and experience of conducting campaigns and as well as a relationship with the insurance industry.

Drawbacks:
- ABTPA has previously used outside marketing firms with no way to analyze effectiveness.
- ABTPA does not have dedicated staff to manage the marketing aspect.
- ABTPA is limited in what can be procured within the state system.
- TxDMV Purchasing states that a nonprofit agreement would not be allowed within our guidelines, but ABTPA can look at a modified grant that could be utilized, with Board approval.

Alternatives:
- The Colorado Automobile Theft Prevention Authority has a contract with the Rocky Mountain Insurance Information Association that has served as a guideline for ABTPA’s discussion with ICT.
- ABTPA could also decide to contract with an outside marketing firm again, but that would be implemented in future fiscal years.
The Lock, Take and Hide program was started by the Dallas Police Department in the fall of 2001 in response to the ever increasing rate of burglaries and car theft, particularly during the late-year holiday shopping seasons. The program urged motorists to Lock their car, Take their keys and Hide their possessions when they leave their vehicle.

On March 2, 2005, the Austin Police Department saw the success of the crime prevention program in Dallas and turned to the Insurance Council of Texas (ICT) for initial funding of the Lock, Take and Hide crime prevention program in Austin.

ICT produced and delivered the first 100 Lock, Take and Hide signs that were installed in the parking areas of Austin’s shopping malls, restaurants and apartment complexes. The program was so successful that the Austin Police Department purchased an additional 1,000 Lock, Take and Hide signs that were distributed throughout Austin.

ICT introduced the Lock, Take and Hide crime prevention program in Round Rock later that year and at the urging of ICT’s Board of Directors, the program was offered to the police departments in Garland and Mesquite. In 2006, the Frisco Police Department joined ICT in starting their Lock, Take and Hide program.

In 2007, the Houston Police Department joined with ICT in a city-wide crime prevention effort to distribute the crime prevention signs that read Secure, Take and Lock. Houston officials asked for and received their own unique sign that asked motorists to Secure your belongings, Take your keys and Lock your car. ICT turned to Progressive Insurance Company who agreed to participate in the program and provide the Houston Police Department with an additional 200 signs.

In 2008, the Celina Police Department in north Texas asked to become a part of the Lock, Take and Hide program and they asked for 50 signs which the police department erected themselves. Also, this year the Texas Automobile Burglary and Theft Prevention Authority (ABTPA) began requesting assistance for the crime prevention signs in their regional centers. ICT provided the Lock, Take and Hide signs to the ABTPA in Laredo, Del Rio and Brownsville. Progressive Insurance provided the Brownsville Police Department and their ABTPA an additional 100 signs.

In 2009, the ABTPA requested Lock, Take and Hide signs for their regional centers in Galveston and Beaumont. The Highland Village Police Department in north Texas also requested and received 100 Lock, Take and Hide signs this year.

In 2010, the ABTPA requested Lock, Take and Hide signs for its regional centers in Lubbock and Waco. The crime prevention signs were also requested by the College Station Police Department.
In November, 2010, ICT obtained a $15,000 grant from State Farm to purchase additional signs and to assist new cities and provide signs to existing cities. The El Paso ABTPA and El Paso Sheriff’s Department, Flower Mound and the Travis County ABTPA were added. Additional signs were sent to Houston, Brownsville, Garland, Mesquite, College Station, Celina, Highland Village, Frisco and Del Rio.

In 2012, ICT assisted the Grand Prairie Police Department with 100 Lock, Take and Hide signs as well as provided to the Round Rock Police Department an additional 50 signs.

In 2013, ICT provided an additional 100 signs to the Mesquite Police Department and 20 additional signs for the Highland Village Police Department.

In 2014, ICT provided 100 signs to the Richardson Police Department, 50 signs to the Richland Hills Police Department and 50 signs to the Liberty Police Department. This month, ICT will hold a news conference in Boerne to announce the latest city involved with the Lock, Take and Hide program.

Preventing just one auto theft or auto burglary could pay for the construction of these signs in each city.
We’re Out to Alarm Texas
Insurance Council of Texas

In 2005, the Insurance Council of Texas (ICT) asked the State Fire Marshal if his office could pinpoint Texas cities that had an above average fire fatality rate among its low income and elderly citizens. The State Fire Marshal’s Office (SFMO) indicated the cities of Waco, New Braunfels and Lockhart had per capita, some of the highest fire fatality rates in Texas. With the help of the State Fire Marshal, ICT contacted these city’s fire departments to see if they would participate in installing donated smoke alarms into the homes of low income/elderly residents on a first come/first serve basis. Thus, began ICT’s “We’re Out to Alarm Texas” smoke alarm campaign.

The SFMO prepares participation forms for each fire department that enables firefighters to install the smoke alarms into homes without any liability issues. When the program is announced, residents in each city must contact the local fire department to enroll. Firefighters will install the new alarms and inspect each home to make sure other smoke alarms are working properly and point out potential fire hazards. Each fire department keeps track of where they have installed the smoke alarms so that firefighters can determine if the alarms were instrumental in saving lives or property.

The We’re Out to Alarm Texas smoke alarm program has already saved lives and property. On October 23, 2006, a disabled woman was rescued by Waco firefighters from her smoke-filled home after her donated smoke alarm went off. On April 1, 2007, an elderly New Braunfels couple was awakened during their afternoon nap by smoke alarms, when their roof caught fire. The 92 year old woman was able to reach the front door by herself, but firefighters needed to go inside and rescue the 94 year old husband. Both were uninjured. Fire marshals in both cities said there would have been fire fatalities had it not been for the smoke alarms.

Money for the smoke alarms comes from ICT and Travelers Insurance Company. Travelers designates independent agents in each city as the donors. First Alert also provides a donation of smoke alarms each year to the program. The smoke alarms are presented to each city at a news conference held in and around Fire Prevention Week. The news conferences usually take place at the main fire station. It is here where the program and donation is described and it alerts homeowners on what phone number to call to participate. For more involvement with the story, the fire departments have a home picked out where firefighters can go and install their first smoke alarm to very willing and thankful homeowners. It’s a great opportunity for reporters to interview the homeowners on why they wanted to participate in the program and feature local firefighters discussing the use and installment of smoke alarms.

In 2006, the SFMO added four additional cities to the We’re Out to Alarm Texas smoke alarm campaign. The cities were Galveston, Farmers Branch, El Paso and Mansfield. Each city was given approximately 200 First Alert’s Ultimate Smoke and Fire alarms for distribution.
In 2007, the program continued to expand by added the fire departments in **Hidalgo and Lufkin**. Additional smoke alarms were sent to already participating cities El Paso, Galveston, Waco, New Braunfels and Farmers Branch.

In 2008, the program started in **Odessa and Edinburg**. Additional smoke alarms were sent to Waco, New Braunfels, Farmers Branch and El Paso. One thousand smoke alarms were distributed. At the Odessa news conference, firefighters chose the home of a Carla and James Owings, who are both legally blind, to install their first smoke alarm. It was an unusual sight to see the crews from five television stations, one radio station, one newspaper and accompanying firefighters and the State Fire Marshal all fit into a one bedroom home. The Owings could not have been more congenial and pleasing during this circus type atmosphere in their tiny abode and they provided great soundbites. (See attached photo – from left to right Mark Hanna, State Fire Marshal Paul Maldonado Paul Maldonado, Carla and James Owings and agent Shelby Bogan with the Bogan, Dunlap and Wood Insurance Agency in Odessa, Texas)

In Waco, the smoke alarm campaign donated another 500 smoke detectors to the fire department. A news conference was held to announce the donation, but the highlight of the event was an appearance by the homeowner whose life was saved by one of the donated smoke alarms back in 2005. The partially disabled woman could not have been a better spokesperson.

Also in 2008, 14 year old **Buck John of Jefferson, Texas**, who was working toward his Eagle Scout designation, wrote to State Fire Marshal Paul Maldonado asking if he could help provide smoke alarms to his home county in East Texas. John’s letter was turned over to the Insurance Council of Texas in hopes that the **We’re Out to Alarm Texas** campaign could assist. John wanted to install a smoke alarm into the home of every Meals on Wheels patients in Marion County for his Eagle Scout project. ICT simply asked how many alarms do you need? John and fellow Boy Scouts fulfilled his mission and last year he became an Eagle Scout.

In 2009, **Amarillo, Longview and Ore City** were added to the smoke alarm program. Additional smoke alarms were sent to Waco, New Braunfels, Farmers Branch and El Paso. Eleven hundred smoke alarms were distributed.

In 2010, many of the fire departments that we have worked with in the past made requests for additional smoke alarms. Edinburg, Amarillo, New Braunfels and El Paso each asked for several hundred smoke alarms this year. With a limited budget of $10,000 from ICT, $7,500 from Travelers and a donation of 100 smoke alarms from First Alert, we were able to obtain 1,200 smoke alarms. We will provide an average of 100 smoke alarms for every city requesting them, which included Galveston, Mansfield, Farmers Branch, Longview, Edinburg, Amarillo, New Braunfels and El Paso. In addition, we brought on the fire departments of **McKinney, Wichita Falls and Glen Heights**. We held news conferences in McKinney and Wichita Falls and provided each fire department with 200 smoke alarms. The Waco Fire Dept. had extra smoke alarms and Chief Jerry Hawk provided the Glen Heights Fire Dept. 100 smoke alarms. Five Texas cities did not request smoke alarms this year. They were Waco, Odessa, Lockhart, Lufkin and Hidalgo.
In 2011, the cities of **Abilene, San Angelo, Forest Hill and Breckenridge** were added. State Fire Marshal Paul Maldonado and Mark Hanna held news conferences with fire chiefs, fire marshals and independent insurance agents in each city to announce the distribution of the smoke alarms to low income/elderly citizens.

In 2012, new State Fire Marshal Chris Connealy joined Hanna in starting the smoke alarm program in **Bonham** and **Rivers End** where news conferences were held. Existing fire departments that received smoke alarms were Abilene, Lufkin, McKinney, Farmers Branch, New Braunfels, Odessa, Longview, Galveston, San Angelo, Waco and El Paso. The program received an unexpected boost from a $5,000 grant from AFAC (Association of Fire and Casualty Companies of Texas).

In 2013, **We’re Out to Alarm Texas** received $5,000 grants from State Farm, Travelers and AFAC. The program started earlier this year by providing smoke alarms to clients involved with the non-profit H.A.N.D (Helping the Aged, Needy and Disabled). The Austin Fire Department assisted in distributing the smoke alarms to these Austin citizens who seek care and assistance in their own homes.

During Fire Prevention Week, news conferences announcing the new smoke alarm program took place in **Del Rio, Laredo** and **Amarillo** where fire departments from **Canyon, Randall and Potter Counties** joined in. Other new fire departments receiving smoke alarms for the first time were **Rocksprings and Point**. Other cities receiving smoke alarms in 2013 were Abilene, River’s End, Farmers Branch, McKinney, Lufkin, Odessa, Edinburg, Longview, Waco, Mansfield and Breckenridge.

In 2014, State Fire Marshal Chris Connealy joined ICT’s Mark Hanna in news conferences announcing the distribution of smoke alarms in **Pearland, Giddings, Mercedes, Mission, Alton, Collin County, Haltom City and Cleburne**. Other cities receiving smoke alarms this year will be Abilene, Farmers Branch, McKinney, Odessa, Amarillo, Laredo, Austin, Wichita Falls and New Braunfels.

By October 1, 2014, approximately 13,000 smoke alarms will have been distributed and installed into homes across Texas at a donated cost of approximately $200,000. Thirty-nine fire departments have now participated in the **We’re Out to Alarm Texas** smoke alarm campaign. ICT continues to work with the SFMO to designate additional cities who have high fire fatality rates among its low income/elderly residents and whose fire departments are willing to participate in the program.

“This project relies heavily on the assistance of firefighters to reach those in need and install these smoke alarms,” said Mark Hanna, a spokesman for the Insurance Council of Texas. “By already saving lives and alerting hundreds of others to the value of smoke alarms, the program has clearly been a success.”

In addition to the measurement reporting outlined in the grant application, grantees awarded prevention education funding will be required to submit the following:

1. **Pre-Campaign or Program Report.** The Grantee will provide a report to the CATPA Office on the development of an educational campaign or program not less than 60 days prior to the campaign or program deployment. This report will include the following elements related to the prevention educational campaign or program:
   a.) Campaign or Program Title (e.g., Puffer Campaign, Lockdown/Lowdown, etc.),
   b.) Problem Statement,
   c.) Target Audience,
   d.) Project Overview, including:
      1) Brief description of the campaign or program,
      2) Use and identity of subject matter experts (viz., committee or advisory group),
      3) Level and/or scope of commitment(s) from other CATPA Grantees,
      4) Partnerships anticipated or needed (i.e., non-CATPA grantees, news stations, public information personnel, community action groups, etc.),
      5) Level and/or scope of commitment requested from the CATPA office,
      6) Timeline (e.g., Gantt Chart), and
      7) The anticipated impact or outcome(s) with the target audience.

2. **Interim Campaign or Program Updates.** The Grantee will provide updates on the educational campaign or program to the CATPA Office. These updates may be submitted electronically (via email) and include news releases, articles, observations, opinions, summations or narrations.

3. **Post-Campaign or Program Report.** The Grantee will provide a report to the CATPA Office on the outcome of the educational campaign or program. This report will include the following elements related to the prevention educational campaign or program:
   a.) Title,
   b.) Problem Statement,
   c.) Target Audience,
   d.) Campaign or Program Summary, including:
      1) Brief description of the campaign or program,
      2) Post-Campaign/Program comments, concerns, and/or recommendations from the subject matter experts (viz., committee or advisory group),
      3) Level of participation from other CATPA Grantees,
      4) Level of participation with non-CATPA grantees (i.e., news stations, public information personnel, community action groups, etc.),
      5) Level of participation from the CATPA office, and
   e.) Campaign or Program Outcome, including:
      1) Opinions, observations and summations of the campaign or program’s influence upon observable risk behaviors involving auto theft (e.g., puffing, keys left in vehicle, vehicle left unlocked, etc.), and
      2) Any variances or effects the campaign or program had upon the observable risk behaviors of auto theft. This may be compiled from statistical or criminal analysis methods using summation records directly related to auto theft (viz., stolen/recovered vehicles, arrests, prosecutions, adjudications, probation, target audience surveys, etc.).
Board Agenda Item

Briefings and Action Items

Section 6. Motor Vehicle Theft Investigator Training update, including Authorization of Travel and Support Funds
Motor Vehicle Theft Investigator Training Update, Including Authorization of Travel and Support Funds

- Consider authorization for ABTPA staff to use up to $20,000 to support the Motor Vehicle Theft Investigator Training for instructor travel, copying, printing and other supplies

TCOLE Approval Granted
The TxDMV Advisory Committee has approved the training plan and we are now authorized to conduct the training. The TxDMV TCOLE contact requires 30 days’ notice of training with dates, times and location.

NICB ISO and S-VIN Access Approval
The National Insurance Crime Bureau (NICB) has agreed to provide direct ISO Claim Search and S-VIN access to licensed police officers who complete the FY17 Motor Vehicle Burglary and Theft Investigators Training. Two class sessions (17 Character Vehicle Identification Number, and Utilizing the ISO (Insurance Service Offices) Database as an Investigative Tool) have been reserved to be trained by NICB agents to ensure that they can complete the user and non-disclosure agreements and to train other required elements to protect access to their information.

Protection of Law Enforcement Confidential Data
ABTPA staff will need to take precautions to protect law enforcement confidential data from public disclosure. One method to protect the information is to rely heavily on law enforcement agencies that are already equipped and knowledgeable about the disclose of law enforcement confidential information. Harris County and Houston PD taskforces will take the lead on the first training as an experiment to make sure information related to this training will not end up at TxDMV. The power points and class materials will be provided by instructors to the host. ABTPA will work on methods to print and distribute electronic material to class participants.

First Class Being Scheduled
The first training will be hosted in Houston, Texas. They have training academies, numerous qualified instructors, and large vehicle facilities that are partners with local law enforcement and members of NICB. We are finalizing dates and will publicly announce soon.

Exploring the use Advisory Committee
The ABTPA board may appoint an advisory committee, in this case an annual Training Instructors Committee, which will be reappointed each year based on the need, changes in class or instructors.
TRCS 4413(37) Sec. 12. ADVISORY COMMITTEES.

(a) The authority may establish advisory committees to advise it on any matter under the jurisdiction of the authority.

(b) Section 2110.008, Government Code, does not apply to an advisory committee established under this section if the advisory committee is:

1) established for a specific and immediate need; and
2) dissolved before the first anniversary of the date the committee is created.

(c) A member of an advisory committee may not be compensated by the authority for committee service but is entitled to reimbursement for actual and necessary expenses incurred in the performance of committee service.
Board Agenda Item

Briefings and Action Items

Section 7. Report and Update on ABTPA Operational Guide
Information Update- No Action Required

In response to the 2014 internal audit of ABTPA the Board is notified of additions to the operational guide. ABTPA staff have added a section regarding insurance collections and refunds. This and other sections will occasionally be updated and revised.

ABTPA staff continue to improve forms that are used for the Comprehensive Annual Financial Report reviews as well as site/monitoring visits. Any updates to processes are reflected in the Operational Guide.

6 Insurance Collections and Refunds

6.1 Insurance collections

In May of 2016 the ABTPA Board authorized the ABTPA Director to;

(a) Periodically obtain a list of insurance companies who have filed ABTPA fee returns and their payment status from the Texas Comptroller’s office.
(b) Obtain a report of insurance companies selling motor vehicle insurance, and the number of policies sold in the State of Texas, from the Texas Department of Insurance.
(c) Make a determination of sufficiency of payments for insurance companies doing business in the State of Texas.
(d) If a material deficiency exists, the Director will notify the insurance company of the deficiency, request payment, and inform the company that if the ABTPA determines that an insurer failed to pay or intentionally underpaid the fee required by Texas Civil Statutes, Article 4413(37), §10, the ABTPA shall notify the Department of Insurance with the request that the department revoke the insurer's certificate of authority.

6.2 Insurance Refunds

It is within the statutory authority of the ABTPA Board by Texas Civil Statutes, Article 4413(37), §6A to consider refund requests by insurance companies for ABTPA fees paid.

(a) An insurer that seeks a determination of the sufficiency for a refund of a semi-annual payment must file an amended report for each period and submit a written claim to the director or the ABTPA board for a determination or a refund not later than the limitations imposed by statute.

(b) The refund request will be logged at T:\ABTPA\Insurance Collections and Refunds\InsuranceRefunds\Insurance Refunds Listing.xls. Information to fill out is Insurance Company name, Date of Refund, Amount of Request. Additional information will be filled out later in the process.
(c) The director or the ABTPA board designee shall review the claim and obtain from the insurer additional information, if any, that may be necessary or helpful to assist in the ABTPA determination. If an insurer refuses to provide the requested information, the refund shall be denied in whole or in part.

(1) Upon receipt of a refund request, the ABTPA Staff shall provide a copy of the ABTPA Insurance Refund Form to the requestor and shall highlight the additional requested information section on the form.

(2) Upon receipt, the following information shall be reviewed for accuracy, consistency and completeness;
- Written explanation for the submission request of funds being refunded.
- A copy of the original filing(s).
- Documentation of payment(s).
- A signed copy of the amended return filed with the Texas Comptroller of Public Accounts.

(3) Additional information may be requested and reviewed at the discretion of the Director or ABTPA staff.

(4) An ABTPA Insurance Refund Review and Approval form shall be completed, and the staff and director’s recommendations for disposition shall be noted.

(5) The review form, original and requested filings, and explanation shall be assembled and presented to the ABTPA Board, at its next meeting, for disposition.

(d) The Director or the ABTPA board designee is authorized to employ or retain the services of a third party, such as the state comptroller, to assist in the determination. The director or the designee shall prepare a written report to the ABTPA based on the director's or the designee's review and shall contain findings, conclusions, and a recommendation.

(1) The ABTPA may employ or retain the services of auditors for the purpose of assisting the ABTPA to determine an insurer's compliance with the requirements of Texas Civil Statutes, Article 4413(37), §10.

(2) All insurers subject to Texas Civil Statutes, Article 4413(37), §10, shall make their books and records reflecting motor vehicle years of insurance available to the auditors upon request during normal business hours.

(3) The ABTPA may assess charges for audit to insurance companies in cases where the companies' assertion of Refund Due was determined to be unfounded.

(e) The ABTPA shall base its determination on the documentary evidence considered by the director or the board designee. The ABTPA decision shall be based on a majority vote of the
board, the Board Insurance members shall abstain from the vote. The ABTPA decision is final and is not subject to judicial review.

(f) Upon determining that an insurer is entitled to a refund, the ABTPA shall notify the comptroller and request the comptroller to effect a payment or credit the insurer’s account for the purpose of refunding overpayments.

(g) There are three divisions within the Comptroller of Public Accounts that need to be notified when a refund is ready to be processed.

   (1) Miscellaneous tax c/o Candy Sailers @ miscellaneous.taxes@cpa.texas.gov and Candy.Sailers@cpa.texas.gov
   (2) Tax policy c/o Lisa Davis
   (3) Revenue Accounting c/o Armando Cantu

Notification will be done by email and followed up with a hard copy via interagency. Included will be the ABTPA Assessment Fees Refund Worksheet as well as any documentation from the insurance company.

(h) The date the refund letter was sent to the CPA will be logged at T:\ABTPA\Insurance Collections and Refunds\InsuranceRefunds\Insurance Refunds Listing.xls.

(i) The CPA will notify ABTPA when refund has been issued and that date will be logged at T:\ABTPA\Insurance Collections and Refunds\InsuranceRefunds\Insurance Refunds Listing.xls.

Section 8. Committee Appointments
ABTPA Board Committees, Board Charges, and Committee Member Appointments

Committees

Grants, Budget, and Reports, Committee

- Wynn Reynolds
- Tommy Hansen

- Review and recommend to the ABTPA Board grant priorities, processes, and funding methods that meet the requirements of Texas Revised Civil Statutes Article 4413 (37).
- Review grant applications, review staff scoring processes, funding recommendations and hold meetings with grantees as needed for grantee presentations.
- Review and recommend to the ABTPA Board budget priorities and allocation schedules in communication with TxDMV that meet the objectives of the ABTPA and are consistent with the ABTPA/TxDMV Interagency Contract. Monitor performance and propose recommended improvements to the ABTPA Board if ABTPA/TxDMV Interagency Contract changes are needed.
- Provide input to the ABTPA Director on statutory report requirements. Review information to ensure that the quality of data sources and of the reports are consistent with the needs of the ABTPA Board. Recommend improvements to the ABTPA board.
- Consider other financial issues or report and data issues as needed.

Insurance Collections and Refund Committee

- Armin Mizani
- Ken Ross

- Review collection procedures of the ABTPA Fee and recommend improvements to the ABTPA Board.
- Foster positive communication with the insurance industry and other stakeholders in the implementation of the ABTPA statutes.
- Provide guidance to the ABTPA director regarding refunds and ensure procedures are reasonable, transparent, and accountable.
- Consider other insurance issues as needed.
Education and Legislative Committee

- Tommy Hansen
- Linda Kinney
- Ken Ross

- Recommend to the ABTPA board the communication strategy to inform the public on how to prevent motor vehicle theft and burglary
- Review and recommend to the ABTPA Board legislative priorities and issues including Legislative Appropriation Requests.
- Consider and recommend other communication issues as needed.

Reports

Section 9. Insurance Collection Update for Auto Theft Fee
Insurance Collection Update for Auto Theft Fee

➢ Information Update – No Action Required

What we have accomplished:

1) At the May 18th 2016 ABTPA Board meeting the Board Authorized the Director of ABTPA Director so that he can notify insurance companies they have not paid the ABTPA fee.

2) ABTPA received list of auto insurance companies who had not filed 2015 ABTPA reports from Comptroller and 95 letters were sent out to insurance companies on October 6, 2016.

3) On October 26, 2016 39 additional letters were sent out to insurance companies that the CPA marked as non-filers going back to 2012.

4) To date, 18 letters were returned undeliverable. A list of those companies were given to Kevin Brogan, Miscellaneous Tax Section, of the CPA for their records.

5) On December 28, 2016 the Texas Department of Motor Vehicles General Counsel Office received the Vehicles in Force report from the Texas Department of Insurance.
   a. This report shows the number of vehicles, private passenger automobiles, in force carrying bodily injury liability coverage as of December 31, 2015.
   b. ABPTA is in the process of analyzing the data and seeing how we can match it up with CPA data.

Next steps:

1) ABTPA will be meeting with the CPA staff in late January or early February
   a. We will be asking for an updated 2015 non filer report to see how many companies filed after receiving our letter.
   b. We will be asking for a list of insurers that filed and did not pay the fee.
   c. Confirm the date when the 2016 non filer report will be ready for processing.

2) ABTPA will also be comparing the ABTPA filing to the Maintenance Tax Form data to examine whether the filers have paid consisently.

3) Send out 2nd letter to the non-filers outlining the consequences of not filing the assessment form.

4) We will review and reconcile the “Vehicles in Force Report” from TDI and the maintenance tax report from the comptroller to develop methods to identify non-filers and assess the integrity of the ABTPA fee assessment collection process.

- All grantee submitted their progress reports and they were reviewed by staff for the first quarter.

Grantees use various strategies to reduce the incidence of motor vehicle theft and burglary of a motor vehicle, below are a couple of examples selected from the first quarter progress reports:

- Victoria has had an increase of burglary of motor vehicles in the area. They have started the report card program in their city a few weeks before the holidays and they had nothing but positive responses from citizens, alderpersons, the mayor and others. The story was also covered by their local news station.

- Galveston County Auto Crimes Task Force has worked to reduce motor vehicle theft by identifying victims of actor’s use of fraudulent credit cards for vehicle rentals. This was originally initiated in response to a License plate recognition hit on a stolen vehicle. The vehicle was one of these rentals which was never returned and reported stolen. A vehicle inventory was conducted and a book with credit card numbers and credit cards were collected as evidence. Upon further investigation it was found that a total of five more vehicles were listed stolen from Hertz and U-Haul. This fraudulent use of credit cards has impacted motor vehicle theft and victimized vehicle owners.

- During the month of November, The Lubbock Task Force partnered with the Insurance Council of Texas to initiate a parking lot sign initiative. Crime Prevention Coordinator contacted businesses and obtained permission to place “Lock, Take and Hide” signs on their properties. The signs were placed in parking lots, and several media outlets conducted television interviews. They also advised citizens on how to safeguard their vehicles against burglary and theft. 100 parking lot signs were placed during this operation.

Section 10. Director’s Report

Part D. Educational Programs and Marketing
Overview: ABTPA Staff intends to engage the services of a HUB vendor to provide a one-day strategic communications training to ABTPA Grant Recipients and additional stakeholders. TRCS Art. 4413(37)) requires ABTPA to conduct statewide educational programs designed to inform automobile owners of methods of preventing automobile burglary or theft. The purpose of the strategic communications training is to enhance the necessary skill base of the stakeholders who will play a role in deploying the statewide educational program.

The one-day training should be conducted before the end of FY17, ideally taking place at the TxDMV Campus in Austin, Texas. The amount of space that is available at the TxDMV Campus may place some constraints on the number of actual participants who will be invited but all of the material that is used for the training will be made available to all ABTPA Grant Recipients and stakeholders.

Learning Objective (Summary): Provide an introduction to strategic communications campaigns with an emphasis on methods to measure the impact of communication activities. Participants will be introduced to basic concepts that include planning, implementing, and managing strategic communications campaigns. After successfully completing the training, participants should be able to demonstrate proficiency with basic concepts to conduct an evaluation of communication activities that is based on metrics that are commonly accepted by communications professionals.

Training Sections:

1. Elements of Strategic Communications Campaigns
2. Elements of a Communications Plan
   - Developing Communications Goals
   - Assessment of resources
     The communications plan needs to spell out how resources will be allocated, including staff time, budgets, computers, software, equipment, databases, in-house and contract services and volunteer help. Assess staff time, in-house services and existing media technologies
   - Outside Services: freelance writing, video production, graphic design
   - Outside Support: internships, pro bono support from commercial media firms, donations from local and regional corporations
3. Evaluation
   - Define Key Terms including Key Performance Indicators (KPI), Return on Investment (ROI), etc.
   - Introducing Advertising Research
   - Major evaluation activities might include analyzing media content and monitoring certain developments, such as shifts in public opinion, policy changes, increased membership and organizational participation, and improved institutional capacity.
   - Online Resources for Collecting Data, Marketing Metrics, etc.
   - Predictive Analytics
4. Social Media
   - Measuring the impact of Social Media

Cost: The contract with the vendor will not exceed $3,000 for the development of material and delivery of the one-day training. The training schedule will be set in such a way to minimize the number of participants who will need to stay in Austin over-night. Travel costs will be paid from participating grant recipient budgets; however, this may require a limited number of budget adjustments. ABTPA will produce the training material developed by the vendor and will provide copies using in-house printers and copiers.

Agency Operations

ABTPA Staff Presentations

Staff presented at the Texas Association of Vehicle Theft Investigator (TAVTI) annual conference in San Antonio from October 24-28, while also attending the conference.

Executive discussion with Chairman Garcia at the TAVTI conference on October 24.

Staff presented at the NICB Auto Theft Training Course in South Padre Island on November 9, 2016.

ABTPA Staff Training

Comptroller of Public Accounts Purchasing 101 in Austin on December 14, 2016.

Legislation

The FY 18/19 ABTPA Plan of Operation was presented to the Texas Legislature on December 1, 2016.

Fuginet

The FY 2016 - 4th Quarter Report and FY 2017 1st Quarter report were received and both were sent out to grantee task force commanders for review. We asked the commanders to look over the interview questions asked and send any changes or comments they may have regarding the questions to TDCJ.

Monitoring – 4th Quarter Expenditure Review

- One grantee is still under review.
- Estimated total payments for Q4 are $3,962,817.
- 5 Grantees of 24 were approved for payment on first review.
  - This is up from 4 in the last quarter.
- 5 Grantees missed their committed match at year end.
  - 3 of those missed by a minimal amount. The remaining two missed by between 5 and 7.5%.
- 14 Grantees - amounts initially requested were ultimately paid the same as the initial request.
- 10 Grantees amended the amounts initially requested. (See summary table below)
  - Note: These changes equal 10.6% of the total amount paid for the quarter.
- In Q4 we allowed payments to be made based on sufficiency as our review standard. If an Expenditure Report was presented and determined to be inconsistent with the grant award or accounting records, and the change would be in the State’s favor, the Grantee was informed and was allowed to either amend the submission or allowed to be paid based on the initial reimbursement request.
