BRIEFING ITEM

To: Texas Department of Motor Vehicles Board
From: Daniel Avitia, Acting Executive Director
Agenda Item: 4.B
Subject: Awards, Recognition of Years of Service, and Announcements

RECOMMENDATION

Briefing only.

PURPOSE AND EXECUTIVE SUMMARY

The TxDMV's Motor Carrier Division (MCD) won the following American Association of Motor Vehicle Administrators (AAMVA) award for 2022:

- Fraud Prevention and Detection Award for a Motor Vehicle Agency for the **Motor Carrier Safety Improvement Process**. This is both a Regional and International award.

MCD undertook a two-stage programming effort to enhance the safety and fraud prevention features of the state's oversize and overweight permitting system – the Texas Permitting and Routing Optimization System (TxPROS). Motor carriers applying for a permit to transport oversize and overweight loads are now denied that permit if the carrier has been placed out-of-service for safety reasons by the Federal Motor Carrier Safety Administration (FMCSA) or the Texas Department of Public Safety (DPS). Additionally, an enhancement to a related system allows law enforcement to verify oversize and overweight permits presented to them roadside ensuring that motor carriers are not able to use permits that are expired, assigned to a different route or issued to a different vehicle.

AAMVA is a tax-exempt, nonprofit association developing model programs in motor vehicle administration, law enforcement and highway safety. The association also serves as an information clearinghouse and an international spokesperson for these interests. Founded in 1933, AAMVA represents the state, provincial and territorial officials in the United States and Canada who administer and enforce motor vehicle laws. AAMVA's programs encourage uniformity and reciprocity among the states and provinces.

Agency Operational Boundaries as Defined by Department Policies of the TxDMV Board (Board)

The Board is responsible for the policy direction of the agency. The Board's official connection to the day-to-day operation of the Texas Department of Motor Vehicles (TxDMV) and the conduct of its business is through the Executive Director of the TxDMV (ED) who is appointed by the Board and serves at its pleasure. The authority and accountability for the day-to-day operations of the agency and all members of the staff, except those members who report directly to the Board, is the sole responsibility of the ED.

In accordance with its policy-making authority the Board has established the following policy boundaries for the agency. The intent of the boundaries is not to limit the ability of the ED and agency staff to manage the day-to-day operations of the agency. To the contrary, the intent of the boundaries is to more clearly define the roles and responsibilities of the Board and the ED so as to liberate the staff from any uncertainty as to limitations on their authority to act in the best interest of the agency. The ED and staff should have certainty that they can operate on a daily basis as they see fit without having to worry about prior Board consultation or subsequent Board reversal of their acts.

The ED and all agency employees shall act at all times in an exemplary manner consistent with the responsibilities and expectations vested in their positions. The ED and all agency employees shall act in a manner consistent with Board policies as well as with those practices, activities, decisions, and organizational circumstances that are legal, prudent, and ethical. It is the responsibility of the ED to ensure that all agency employees adhere to these boundaries.

Accordingly, the TxDMV boundaries are as follows:

1. The day-to-day operations of the agency should be conducted in a manner consistent with the vision, mission, values, strategic framework, and performance metrics as established by the Board. These elements must not be disregarded or jeopardized in any way.
2. A team-oriented approach must be followed on all enterprise-wide decisions to ensure openness and transparency both internally and externally.
3. The agency must guard against allowing any financial conditions and decision which risk adverse fiscal consequences, compromise Board financial priorities, or fail to

show an acceptable level of foresight as related to the needs and benefits of agency initiatives.

4. The agency must provide timely, accurate, and honest information that will afford the Board, public, stakeholders, executive branch and the legislature the best ability to evaluate all sides of an issue or opportunity before forming an opinion or taking action on it. Any information provided that is intentionally untimely, inaccurate, misleading or one-sided will not be tolerated.
5. The agency must take all reasonable care to avoid or identify in a timely manner all conflicts of interest or even the appearance of impropriety in awarding purchases, negotiating contracts or in hiring employees.
6. The agency must maintain adequate administrative policies and procedures that are understandable and aid in staff recruitment, development and retention.
7. The agency must maintain an organizational structure that develops and promotes the program areas from an enterprise-wide perspective. No organizational silos or sub-agencies will be allowed. We are the TxDMV.
8. The agency must empower its entire staff to deliver a positive customer experience to every TxDMV customer, stakeholder or vendor to reduce their effort and make it easier for them to do business with the TxDMV.
9. The agency must at all times look to flattening its organizational structure to reduce cost as technology advances allow.
10. Agency staff shall anticipate and resolve all issues timely.
11. The agency must maximize the deployment and utilization of all of its assets – people, processes and capital equipment – in order to fully succeed.
12. The agency must not waste the goodwill and respect of our customers, stakeholders, executive branch and legislature. All communication shall be proper, honest, and transparent with timely follow-up when appropriate.
13. The agency should focus its work efforts to create value, make sure that processes, programs, or projects are properly designed, budgeted and vetted as appropriate with outside stakeholders to ensure our assumptions are correct so positive value continues to be created by the actions of the TxDMV.
14. The ED through his or her staff is responsible for the ongoing monitoring of all program and fiscal authorities and providing information to the Board to keep it apprised of all program progress and fiscal activities. This self-assessment must result in a product that adequately describes the accomplishment of all program

goals, objectives and outcomes as well as proposals to correct any identified problems.

15. In advance of all policy decisions that the Board is expected to make, the ED will provide pertinent information and ensure board members understand issues/matters related to the pending policy decision. Additionally, the ED or designee will develop a process for planning activities to be performed leading up to that particular policy decision and the timeframe for conducting these planning activities. It is imperative that the planning process describes not only when Board consideration will be expected but also when prior Board consultation and involvement in each planning activity will occur.
16. In seeking clarification on informational items Board members may directly approach the ED or his or her designee to obtain information to supplement, upgrade or enhance their knowledge and improve the Board's decision-making. Any Board member requests that require substantive work should come to the Board or Committee Chairs for direction.
17. The agency must seek stakeholder input as appropriate on matters that might affect them prior to public presentation of same to the Board.
18. The agency must measure results, track progress, and report out timely and consistently.
19. The ED and staff shall have the courage to admit a mistake or failure.
20. The ED and staff shall celebrate successes!

The Board expects the ED to work with agency staff to develop their written interpretation of each of the boundaries. The ED will then present this written interpretation to the Board prior to discussion between the Board and ED on the interpretation. The Board reserves the right to accept, reject or modify any interpretation. The intent is that the Board and the ED will come to a mutually agreeable interpretation of agency boundaries that will then form the basis of additional written thought on the part of the ED and staff as to how these boundaries will influence the actions of the agency.
