

1 Transportation Code §545.453 and §545.456, as amended by SB 2807. Adopted new §206.102(c) sets the
2 expiration date for the AVRAC as July 7, 2031, to align with the renewal schedule for the other department
3 advisory committees without requiring the department to renew the AVRAC within the next two years.

4 Adopted amendments to §206.101(b)(1) include the new AVRAC in the list of department advisory
5 committees that take public comment on matters within the scope of the advisory committee. For the
6 AVRAC, the scope of the advisory committee is set out in new §206.102(a) as “topics related to the
7 regulation of automated motor vehicles.” At adoption, new §206.102(b) was amended to correct
8 punctuation.
