About the Release

These Release Notes contain information about new features, enhancements, and reported issues resolved in this release of the Registration and Title System Point of Sale (RTS POS).

Release Notes are located under the **Release Notes & Support** tab on the TAC Hub (www.txdmv.gov/tax-assessor-collectors).

RTS POS Overview

The refactored RTS POS is a web-based application designed to process vehicle registrations, titles, and temporary permits for Texas motorists. RTS POS provides functions for cash accounting, funds allocations, and a full audit trail along with inventory control for license plates, windshield/plate stickers, and temporary permits.

Getting Help

When logged in to the RTS POS, you can display reference information about using the RTS POS and get specific application-level help.

- To get application-level help, click **Help** on the page you are viewing.
- To see the entire user assistance web site, select **Help > User Guide** on the main page menu bar.

Additional Resources

For additional resources for the RTS POS, see the TAC hub (www.txdmv.gov/tax-assessor-collectors). Open the **Resources** tab, select **Publications & Manuals** | **TAC** | **RTS Support**.

Legislative Enhancements in Release 25.3

The following Enhancements displayed in this section for the 25.3 Release Notes are focused on House Bill (HB) 718, as they relate to the new metal plate implementation.

RRTS-36768

HB 718 POS Timed Permit – Issuing a One-Trip and 30-Day Temporary Registration Plate (Red) 8-character plate to a vehicle

Counties and Regional Service Centers (RSCs) will issue a new Temporary Registration Plate, for One-Trip and 30-Day use, in lieu of the current paper temporary permits. Temporary Registration Plates or stickers that are lost, stolen, damaged or mutilated are not replaceable systematically, and a new transaction (at cost) must be processed.

Note: Vehicles sold for **export** are only eligible to receive a Temporary Registration Plate for One-Trip usage, which is valid for a period of 15 days from the effective date.

Temporary Registration Plate (One-Trip and 30-Day) Issuance (Regular and Motorcycle):

Upon selecting **Customer > Miscellaneous Registration > Timed Permit > Permit Application**, the clerk will enter a VIN on the Timed Permit VIN Key Selection MRG007 screen.

Timed Permit VIN Key Selection MRG007

VIN:

☐ No VIN
☐ Same Applicant
☐ Same Vehicle

Any previously entered applicant information will continue to be displayed on the Permit Search Results INQ004 screen and can be retained, if needed.

☒ Retain Applicant Information

The Timed Permit MRG006 screen will then display. Vehicle Information, Applicant Type and Permit Information are automatically populated (if system is able to pull information) and editable on the Timed Permit MRG006 screen. The clerk then completes the remaining applicant information, as required, and selects enter.

When the clerk attempts to manually enter the **Permit No** that has not been previously issued to that VIN, an informational pop-up message: "Invalid Customer Supplied Permit Number" displays.

If the clerk does not select customer supplied, they will be required to enter an Inventory Item Number on the Inventory – Item Number Input INV001 screen. The clerk will manually enter the next sequential inventoried item and select enter.

Upon manual entry the Inventory – Item Number Not Found INV029 screen displays, and the inventory will be confirmed.

Temporary Registration Plate inventory can be allocated directly to a Workstation, Subcontractor or Employee for issuance. Allocated inventory will be displayed on the Inventory - Registration Items INV007, for confirmation.

Inventory - Registration Items INV007

The screenshot shows a modal window titled "Expiration Month:" with a table containing the following data:

Year	Item Description	Item No
	TEMP REG METAL PLATE	TMP00299

Below the table is a checkbox labeled "Override Item No". At the bottom of the modal are three buttons: "Enter", "Cancel", and "Help".

After confirming the manually entered or auto populated inventory and selecting enter, the Fees Due PMT004 screen displays to complete the transaction.

Fees Due PMT004

The screenshot shows the "Fees Due PMT004" screen with a table of fees and a summary section. The table has two columns: "Fees Description" and "Item Price".

Fees Description	Item Price
30-DAY PLATE/PERMIT	\$25.00
PROCESSING AND HANDLING FEE	\$4.75

Below the table, the summary section shows:

- Transaction Total: \$29.75
- Previous Trans. Total: \$ 0.00
- Total Due: \$29.75

At the bottom of the screen are three buttons: "Enter", "Cancel", and "Help". On the right side, there is a "Misc Fees" section with a list of checkboxes and labels: "Credit", "State Parks", "Veterans' Fund", "Organ Donor Fee", "Special Olympics TX Fee", "Evidence Testing Grant Prgm", and "Ending Homelessness". Below this list are two buttons: "View Inspection" and "Preview Receipt".

Transaction receipts will display the appropriate **Inventory Item(s)** and **Fees Assessed** (30-Day = \$25.00 or One-Trip = \$5.00, plus P&H fee per plate = \$4.75).

RRTS-37427

HB 718 Collection of the Out-of-State Buyer Plate Fee in the Status Change Event.

RTS accommodates for the collection of the Out-of-State Buyer Plate Fee on the Dealer Sale - OOS TTL020 screen, in addition to any applicable inspection fee, if a dealer opts not to submit the payment of the fees through ePLATE upon completing the initial out-of-state sale. Issuance of the Out-of-State Buyer Plate will have a \$10 fee paid by the customer at the time of sale.

Upon selecting **Customer > Title/Registration > Status Change**, the clerk will enter a **Plate No/VIN** on the Inquiry Key Selection KEY001 screen.

To collect the applicable fees, select **Dealer Sale – OOS** on the Status Change Record TTL006 screen. The Dealer Sale - OOS TTL020 screen will then display. The clerk then completes the remaining dealer information, as required, and ensures that the applicable **Collect** option (OOS Buyer Metal Plate (Buyer Tag) and/or Inspection Fee) is checked and selects enter.

Dealer Sale - OOS TTL020

The screenshot displays a web-based form titled "Dealer Sale - OOS TTL020". The form is set against a light gray background. It contains the following fields and options:

- Dealer Name:** Two stacked text input fields.
- Dealer License No:** A single text input field.
- VIN:** A text input field containing the value "1FMCU03Z38KE64228".
- Collect:** A section with two checked checkboxes:
 - ☒ OOS Buyer Metal Plate (Buyer Tag)
 - ☒ Inspection Fee
- Buttons:** Three buttons at the bottom right: "Enter", "Cancel", and "Help".

RTS-37440 License Plate Association During a Title Transaction

The license plate issued by a dealer in ePLATE will carry forward to the title application in RTS. To assist with identifying the information assigned by a dealer in ePLATE, the **Dealer License No** and **Unit No** have been removed from the TTL007 screen and moved up in the title flow process to display on the TTL002 screen.

The REG008 screen will also carry forward the selections made by the dealer in ePLATE that are associated with the license plate that was assigned, regardless of the type of plate issued.

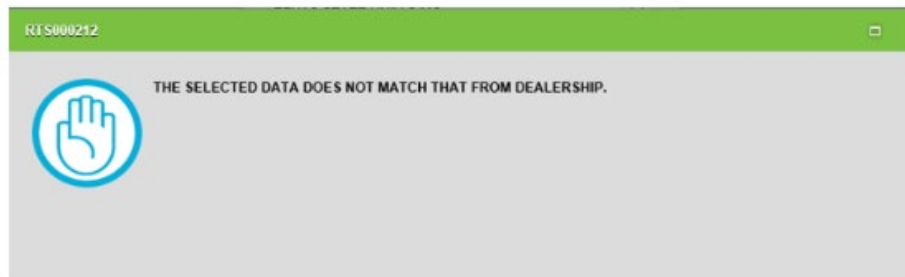

The screenshot shows the REG008 screen with the following fields:

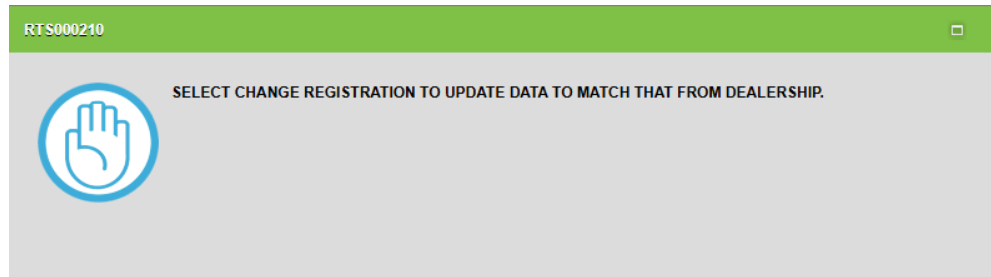

- Vehicle class:** MTRCYCLE
- Registration class:** MOTORCYCLE
- Plate type:** TEXAS VINTAGE C BLACK MC
- Sticker type:** PLATE STICKER

At the bottom, there are three buttons: Enter, Cancel, and Help.

If the county modifies this information on the REG008 screen, a hardstop will display "The selected data does not match that from dealership." The county must work with the dealer to resolve any discrepancies on the ePLATE assignment to move forward with the title transaction.

When processing a dealer title transaction with an existing RTS record, the county will be prompted to select Change Registration on the TTL003 screen, for RTS to update the record with the ePLATE assignment processed by the dealer.

General Issue License Plate:

When a dealer assigns a general issue plate from their inventory in ePLATE, RTS will carry forward the applicable information set by the dealer on the Class/Plate/Sticker Type Choice REG008 screen.

Full-Service Deputy (FSD) Session: Set FSD Title Convenience Fees

FSDs will have the ability to review and approve webDEALER title transactions for dealers on a county's behalf. As a result, FSDs will be able to set their Title and Registration Convenience Fees that will be assessed on all webDEALER title transactions the FSD processes.

A new permission, **FSD webDEALER Fee Update**, has been created to correspond to the new event in RTS where a FSD will set their fees. Counties will need to assign this permission to any applicable FSD RTS users under Local Options within the Employee Security event.

Once a FSD RTS user has the permission set, the FSD user can access this new event located under **Local Options > FSD webDEALER Fee Update**.

When the FSD user selects this menu item, the OPT008 pop-up will display allowing the FSD to set a Title Convenience Fee of up to \$20 and check the box to assess a flat \$9 Registration Convenience Fee. The FSD can update the fees as needed.

If the dealer is a dealer deputy that can issue their own registration sticker, the \$9 Registration Convenience Fee will not be assessed in webDEALER.

Note: webDEALER will automatically assess the fees set by the FSD when a dealer opts to submit the transaction to the FSD for processing. The fee cannot be set per transaction or per dealer and will apply across all transactions for that FSD location.
