NOTE: This spreadsheet contains data that spans decades. During this time period, legislation, the department's procedures and contracts have resulted in changes to specialty license plate fees, plate names, plate funds, and the department's revenue estimate methodology. Below are notes documenting exceptions and changes.

FUNDS and ESTIMATES

- * The estimated number of plates is determined by dividing the revenue collected by the fee.
- ** Indicates that a number of plates issued and/or renewed could not be determined from historic data sources. *** In FY1997, as a result of reconciliation, Finance noted the following collections were added to the total: Annual Permit (NAFTA) \$4,201.50 and Miscellaneous Registration Fees \$32,504.15.

In FY1998 and FY1999, \$45.00 of the Keep Texas Beautiful fee was deposited into Fund 6 for litter & beautification programs and \$5.00 to Fund 6 for administration.

In FY2008, as part of an automated system upgrade, TxDOT (the predecessor agency to TxDMV) began collecting prorated specialty license plate fees to synchronize a special plate to a vehicle's annual registration expiration fee. the funds remitted by the department are different than the standard annual application fee. Also in FY2008, Antique plates were included as specialty plates for the first time. Prior to FI

From FY2013 on, TxDMV specialty plate funds were administered via Fund 001 instead of (Transportation) Fund 006.

MILITARY PLATES

For ease of reading, all Disabled Veteran (DV) plate revenue collected, including fees from DV plates with medals, is shown as one "Disabled Veteran" line item.

Legion of Valor plates originally were issued to recipients of Air Force Cross, Army Distinguished Service Cross, the Navy Cross or the Medal of Honor. Subsequent legislation authorized unique plates with each of these medals.

VENDOR MARKETING CONTRACT

In FY2008, the department did not apply \$212,063 in revenue generated to Fund 1, from a prior private vendor contract to the 2009 private vendor contract.

From FY2009 to FY2015, during the first five-year vendor contract, revenue collected includes fees from one, five, ten, and 25-year plate orders. From FY2015 on, during the second five-year contract period, revenue collected includes fees for one, three and five year plate orders.

From FY2010 on, the number of "Personalized License Plates" reported includes those sold by the private vendor, From FY2010 on, vendor plate revenue excludes the vendor's share of royalties. Only the State's portions are included in this spreadsheet.

TxDMV-Finance Division for revenue collected and disbursed. Prepared by VTR - Budget and Research Services 03/2020
