

Texas Department  
of Motor Vehicles

**Motor Carrier Division**  
**Superheavy Weight Document**  
**1-800-299-1700 Fax: (512) 465-4254**

The Motor Carrier Division (MCD), Oversize/Overweight (OS/OW) Permits Office is required to have weights verified on loads that exceed 500,000 pounds. The Texas Department of Motor Vehicles (TxDMV) reserves the right to require verification of weights on any load the Department deem necessary.

In order for the Superheavy Permit to be processed, the weight must be certified by a weighing agent. The weight of the gauge reading must be certified by one of the following:

- License and weight inspector of the Texas Department of Public Safety,
- A highway patrol officer,
- A sheriff or sheriff's deputy,
- A municipal police officer,
- A police officer certified under Texas Transportation Code §644.101,
- A constable of deputy constable designated under Texas Transportation Code, §621.4015, or
- Any Texas Department of Transportation (TxDOT) or TxDMV personnel that is identified and approved by the MCD OS/OW Permits Office.

Company Name		Contact Person	
Phone Number		Email Address/Fax	
Request ID #	File Code	Load Description	
Width	Height	Length	
Payload Weight (in pounds)		Gross Weight (in pounds)	

Under penalty of perjury, I, \_\_\_\_\_, certify that I am authorized to make this certification on behalf of the carrier listed above and I certify that the information provided on this certificate of weight is true and correct. Additionally, I agree that the carrier will submit any information requested by the Texas Department of Motor Vehicles that confirms the weight of the cargo in question. I also understand that any misrepresentation of cargo weight or any other information on this certification and/or the attachments, if any, can result in administrative penalties under Transportation Code §623.272.

Certifying Agent (Printed)		Signature	
Title		Agency	
Date	Phone Number	Email Address	

**Note to Certifying Agent:** Attached are directions from the TxDOT Bridge Division or the TxDOT-certified, licensed professional engineer as to which axles are required to be weighed. It is the discretion of the certifying agent to list weight of each tire load or weight per axle, unless it is specifically outlined in the request from TxDOT or TxDOT-certified, licensed professional engineer.
